- c) To reinstate existing premises licence conditions on the Temporary Events Notice.

Should the Sub Committee decide not to serve a Counter Notice the event shall take place.

Reading Borough Council Licensing Policy states;

10.10.1 Section 100 of the Act states that the organiser of a Temporary Event must give the Authority notice of the proposed event. Section 104 of the Act states that a copy of the notice must also be provided to the Police and Environmental Health. No notification need be given to other authorities Such as the Fire Authority or Planning Section by the applicant but see below.

10.10.2 Section 100(7) states that the organiser must give the Authority a minimum of 10 clear working days notice. This does NOT include the application date, event date, weekends and bank holidays.

However, in a significant number of cases this time period would not allow enough time for the organiser to liaise with the police and other relevant bodies to ensure that the event passes off safely with minimum disturbance to local residents.

10.10.3 The Authority strongly recommends that it and Thames Valley Police receive all Temporary Event applications at least 28 days before the planned event. This will ensure that full discussion can occur between the organiser and any interested parties in order that the event can take place with the minimum risk of crime and disorder.

10.10.4 Although applicants are not required to notify the Fire Authority of temporary events the Authority will, if requested to do so, notify the Fire Authority of all temporary events notices received, in order that they are able to ensure the safety of such events. In addition, whilst applicants do not have to notify the Planning Section in respect of a temporary event, they should at least ensure that they have the relevant planning consent to hold the event or extend their hours. However, neither the Fire Authority nor any other responsible authority will be able to make any representations to the Licensing Authority in respect of temporary events.

The Secretary of state guidance as amended in October 2014 chapter 7 of the guidance states;

Police and Environmental Health intervention

7.32 The system of permitted temporary activities gives police and EHAs the opportunity to consider whether they should object to a TEN on the basis of any of the licensing objectives.

7.33 Such cases might arise because of concerns about the scale, location, timing of the event or concerns about public nuisance. however, in most cases, where (for example) alcohol is supplied away from licensed premises at a temporary bar under the control of a personal licence holder, (for example, at weddings with a cash bar or small social or sporting events) this should not usually give rise to the use of these powers.

7.34 The police and EHA have the right under sections 109(5) and (6) of the 2003 Act to request the premises user to produce the TEN for examination. If the police do not intervene when a TEN is given, they will still be able to rely on their powers of closure under Part 8 of the 2003 Act should disorder or noise nuisance be expected or arise.

7.35 If the police or EHA believe that allowing the premises to be used in accordance with the TEN will undermine the licensing

objectives, they must give the premises user and the licensing authority an objection notice. The objection notice must be given within three working days of their receipt of the TEN.

- 7.36 Where a standard TEN was given, the licensing authority must consider the objection at a hearing before a counter notice can be issued. At the hearing, the police, EHA and the premises user may make representations to the licensing authority. Following the hearing, the licensing authority may decide to impose conditions where there is an existing premises licence or club premises certificate at the venue or issue a counter notice to prevent the event going ahead. If the police, EHA or both give an objection to a late TEN, the TEN will not be valid.

Modification

- 7.37 As noted above, the police or EHA (as “relevant persons”) may contact the premises user to discuss their objections and try to come to an agreement which will allow the proposed licensable activities to proceed. The TEN can be modified (for example, by changing the details of the parts of the premises that are to be used for the event, the description of the nature of the intended activities or their duration). The other relevant person has to agree.

Applying conditions to a TEN

- 7.38 The 2003 Act provides that only the licensing authority can impose conditions from the existing conditions on the premises licence or club premises certificate to a TEN. The licensing authority can only do so:

if the police or the EHA have objected to the TEN;

if that objection has not been withdrawn;

- there is a licence or certificate in relation to at least a part of the premises in respect of which the TEN is given;
- and if the licensing authority considers it appropriate for the promotion of the licensing objectives to impose one or more conditions.

- 7.39 This decision is one for the licensing authority alone, regardless of the premises user’s views or willingness to accept conditions. The conditions must be notified to the premises user on the form prescribed by regulations.

Hearings to impose conditions

- 7.40 Section 105 of the 2003 Act is clear that a licensing authority must hold a hearing to consider any objections from the police or EHA

unless all the parties agree that a hearing is not necessary. If the parties agree that a hearing is not necessary and the licensing authority decides not to give a counter notice on the basis of the objection, it may impose existing conditions on the TEN.

LICENSING SECTION

INTERNAL MEMORANDUM

Further action (see below)

Subject: Application for TEN 17 January 2015
Premises: Mirage Chatham Street, Reading.

I refer to the above application.

Mirage Enterprise Trading Ltd was the subject of a licencing review on the 3rd October 2014. The Sub-Committee concluded that it was appropriate for the Premises Licence to remain in force but with restrictions, namely

a sound limiting device shall be fitted to the amplification system and shall be located in a separate lockable cabinet which is remote from the volume control set at a level to be determined by the local authority. The operational panel of the noise limiter shall then be secured to the satisfaction of an authorised officer from Reading Borough Council. The keys securing the noise limiter cabinet shall be held by the licensee only, and shall not be accessible by any other person. Access to the limiter shall be restricted to prevent tampering. No alteration or modification to any existing sound system(s) should be effected without prior agreement with an authorised officer of Reading Borough Council. No additional sound generating equipment shall be used on the premises without being routed through the sound limiter device;

- (b) an acoustic report, which is acceptable to Reading Borough Council, shall be provided within a timescale to be determined by an authorised officer of Reading Borough Council;

An acoustic report was received on the 18th December 2014. A speaker management system/limiter has been fitted at the premises and a pre-set limit established following monitoring at different locations to determine an appropriate level. The report emphasises the importance of certain parameters remaining in the position as set by the acoustic engineer. While there is a degree of protection from the fact that the device settings have been password protected the speaker management system can be tampered with.

It was suggested in the report that “the equipment be put in a lockable rack case in the future.” This has not been done contrary to the licencing committee’s requirement and therefore the equipment is vulnerable to tampering.

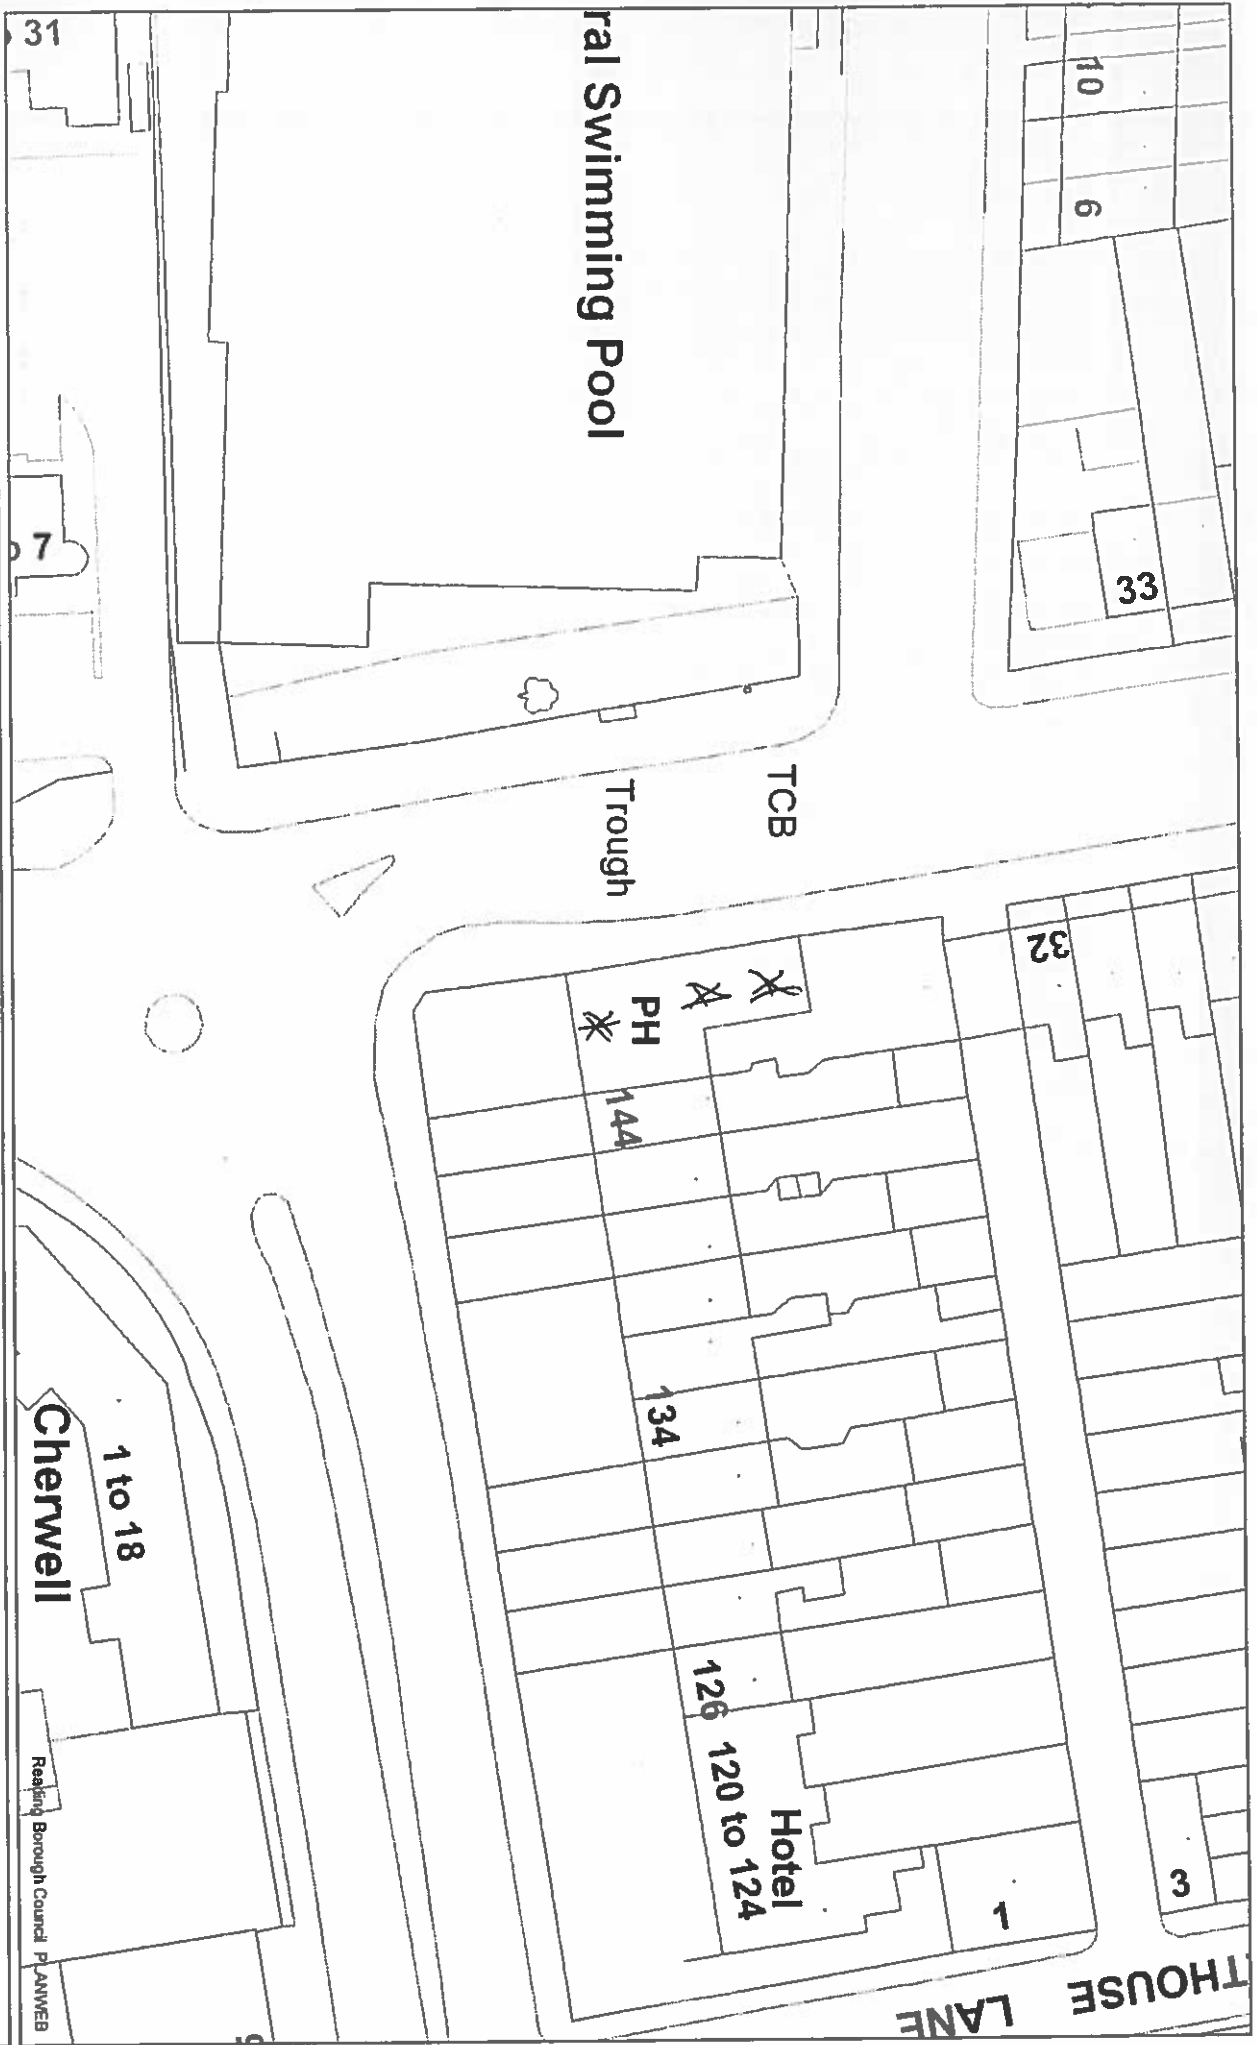

In light of this I object to the TEN.

Please contact me if you require any further information.

Kind regards

Alison Shaw
