9. Licensing Objectives and Reading Borough Council's Licensing Policy Statement

In considering representations received the Licensing Authority has a duty to carry out its functions with a view to promoting the four licensing objectives, which are as follows:

- the prevention of crime and disorder;
- public safety
- the prevention of public nuisance
- the protection of children from harm

Any conditions that are placed on a premises licence should be appropriate and proportionate with a view to promoting the licensing objectives. The Licensing Authority can amend, alter or refuse an application should it be deemed appropriate for the promotion of the licensing objectives.

The Council's licensing policy also places an onus on applicant's who wish to open past 11pm to demonstrate how they will mitigate the issues of crime and disorder and potential public nuisance.

The Council's Licensing Policy Statement:

7.15 Crime & Disorder Act 1998

7.15.1 In applying this policy, the Authority will have regard to its obligations under Section 17 of the Crime and Disorder Act 1998 and will do all that it reasonably can to prevent crime and disorder in Reading. The Authority will also have regard to the Safer Reading Partnership, which incorporates both local and national strategies and whose mission statement is "We will continue to make Reading a safer place for those who live, work and visit, through a reduction in crime and disorder". In addition the Authority will liaise with the Reading Crime Reduction Partnership in order to reduce crime, misuse of drugs and the fear of crime.

Licensed premises in residential areas

11.4.1 In general the Authority will deal with the issue of licensing hours on the individual merits of each application. However, when issuing a licence, stricter conditions are likely to be imposed with regard to noise control in

the case of premises that are situated in largely residential areas. In general, public houses located in and catering for residential areas wishing to open beyond 11pm will need to demonstrate clearly that public nuisance will not result from later operation.

Amended Guidance issued under section 182 of the Licensing Act 2003
April 2018

Licensing Objectives and Aims:

1.5 However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work. They include:

- protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises

Steps to promote the licensing objectives:

8.41 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.

8.42 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;
- any risk posed to the local area by the applicants' proposed licensable activities; and
- any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.

8.43 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact policy), applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate

the impact; and why they consider the application should be an exception to the policy.

8.44 It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives, and where there are no known concerns, acknowledge this in their application.

8.45 The majority of information which applicants will require should be available in the licensing policy statement in the area. Other publicly available sources which may be of use to applicants include:

- the Crime Mapping website;
- Neighbourhood Statistics websites;
- websites or publications by local responsible authorities;
- websites or publications by local voluntary schemes and initiatives; and
- on-line mapping tools.

8.46 While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be taken into consideration when making an application. Licensing authorities may wish to encourage co-operation between applicants, responsible authorities and, where relevant, local residents and businesses before applications are submitted in order to minimise the scope for disputes to arise.

8.47 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.

8.48 All parties are expected to work together in partnership to ensure that the licensing objectives are promoted collectively. Where there are no disputes, the steps that applicants propose to take to promote the licensing objectives, as set out in the operating schedule, will very often translate directly into conditions that will be attached to premises licences with the minimum of fuss.

8.49 For some premises, it is possible that no measures will be appropriate to promote one or more of the licensing objectives, for example, because they are adequately covered by other existing legislation. It is however important that all operating schedules should be precise and clear about the measures that are proposed to promote each of the licensing objectives.

The role of responsible authorities

9.11 Responsible authorities under the 2003 Act are automatically notified of all new applications. While all responsible authorities may make representations regarding applications for licences and club premises certificates and full variation applications, it is the responsibility of each responsible authority to determine when they have appropriate grounds to do so.

9.12 Each responsible authority will be an expert in their respective field, and in some cases it is likely that a particular responsible authority will be the licensing authority's main source of advice in relation to a particular licensing objective. For example, the police have a key role in managing the night-time economy and should have good working relationships with those operating in their local area⁵. The police should usually therefore be the licensing authority's main source of advice on matters relating to the promotion of the crime and disorder licensing objective. However, any responsible authority under the 2003 Act may make representations with regard to any of the licensing objectives if they have evidence to support such representations. Licensing authorities must therefore consider all relevant representations from responsible authorities carefully, even where the reason for a particular responsible authority's interest or expertise in the promotion of a particular objective may not be immediately apparent. However, it remains incumbent on all responsible authorities to ensure that their representations can withstand the scrutiny to which they would be subject at a hearing.

Licensing authorities acting as responsible authorities

9.13 Licensing authorities are included in the list of responsible authorities. A similar framework exists in the Gambling Act 2005. The 2003 Act does not require responsible authorities to make representations about applications for the grant of premises licences or to take any other steps in respect of different licensing processes. It is, therefore, for the licensing authority to determine when it considers it appropriate to act in its capacity as a responsible authority; the licensing authority should make this decision in accordance with its duties under section 4 of the 2003 Act.

Integrating strategies

14.63 It is recommended that statements of licensing policy should provide clear indications of how the licensing authority will secure the proper integration of its licensing policy with local crime prevention, planning, transport, tourism, equality schemes, cultural strategies and any other plans introduced for the management of town centres and the night-time economy. Many of these strategies are not directly related to the promotion of the licensing objectives, but, indirectly, impact upon them. Co-ordination and integration of such policies, strategies and initiatives are therefore important.

Planning and building control

14.64 The statement of licensing policy should indicate that planning permission, building control approval and licensing regimes will be properly

separated to avoid duplication and inefficiency. The planning and licensing regimes involve consideration of different (albeit related) matters. Licensing committees are not bound by decisions made by a planning committee, and vice versa. However, as set out in chapter 9, licensing committees and officers should consider discussions with their planning counterparts prior to determination with the aim of agreeing mutually acceptable operating hours and scheme designs.

14.65 There are circumstances when, as a condition of planning permission, a terminal hour has been set for the use of premises for commercial purposes. Where these hours are different to the licensing hours, the applicant must observe the earlier closing time. Premises operating in breach of their planning permission would be liable to prosecution under planning law. Proper integration should be assured by licensing committees, where appropriate, providing regular reports to the planning committee.

Licensing Act 2003

The Licensing Act 2003 under Section 18 (6) also states that any relevant representation should be considered in the context of:

(a) the likely effect of the grant of the premises licence on the promotion of the licensing objectives.

Therefore in the context of the grant of a licence, it is reasonable for the Licensing Authority to base its decision on an application on what the likely effects of granting a licence would have on the promotion of the licensing objectives.

Case Law

East Lindsey DC v Abu Hanif (2016) case law underpins the principles widely acknowledged within the Licensing Act 2003 that the licensing objectives are prospective, and that the prevention of crime and disorder requires a prospective consideration of what is warranted in the public interest, having regard to the twin considerations of prevention and deterrence.

Similarly the case law of British Beer and Pub Association v Canterbury City Council (2005) underpins the value of the Council's licensing policy. Mr Justice Richards stated: "The council is entitled to indicate in the policy its own expectations with regard to the promotion of the licensing objectives; and I do not think that an applicant can legitimately complain if a failure to take account of those expectations gives rise to representations...An applicant who does not tailor his application to the policy therefore faces an uphill struggle."

Officer comments

The Licensing team object to the application to operate the premises known as Local Food and Wine (Previously Today's Local Stores) 441 Basingstoke Road, Reading as we believe granting a licence will undermine the promotion of the licensing objectives - notably the prevention of crime and disorder. We have concerns over the applicant and their suitability to run a licensed premises in accordance with legislation and the promotion of the licensing objectives. Section 18 (6) of the Licensing Act 2003 states that representations should relate to the likely effect of granting a licence on the licensing objectives and we believe that the likely effect of granting this licence is that the proposed licence holder will have no day to day control of this business and that he is, in effect, applying for a licence on behalf of someone else - notably the current business owner who has committed serious criminal offences at the premises, which resulted in a review of the premises licence.

On 29 March 2018, the Licensing Sub-Committee revoked the premises licence for the employment of an illegal worker, the failure of the present Premises licence holder to promote the licensing objectives due to breaches of licence conditions found in 2015 and 2017, the Sub-Committee were concerned that the Premises Licence Holder had failed to provide a credible account or reason for illicit alcohol being found on the premises.

The Premises Licence holder has appealed to the Magistrates Court and is awaiting a court date. He is permitted to sell alcohol pending the outcome of the appeal.

Given these circumstances we would have expected the new applicant to have contacted the Licensing team and Police to discuss his application beforehand, given the history of the premises. Additionally he has not provided any documents or any other evidence in relation to the purchase of this business from the present owner, or highlighted what experience or business plans he has to operate this premises lawfully.

Paragraph 8.46 of the Government's Guidance S182 states "*While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be taken into consideration when making an application. Licensing authorities may wish to encourage co-operation between applicants, responsible authorities and, where relevant, local residents and businesses before applications are submitted in order to minimise the scope for disputes to arise*".

If this premises licence is granted, the Licensing team believe it risks bringing the licensing regime into disrepute if reckless licence holders can avoid the consequences of their behaviour by simply putting the licence into someone else's name by selling the business when they get caught and so, effectively, get away with it. The deterrent effect of licensing enforcement would be lost and Licensing authorities should take a robust stance against such applications, particularly those which appear to be a ruse..

For these reasons, the Licensing team respectfully submit that this application is refused

Guidance issued under section 182 of the Licensing Act 2003 (April 2018)

Secretary of State's Guidance

8.41 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.

8.42 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;
- any risk posed to the local area by the applicants' proposed licensable activities; and
- any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.

8.43 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact policy), applicants are also expected to demonstrate an understanding

of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy.

8.44 It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives, and where there are no known concerns, acknowledge this in their application.

8.45 The majority of information which applicants will require should be available in the licensing policy statement in the area. Other publicly available sources which may be of use to applicants include:

- the Crime Mapping website;
- Neighbourhood Statistics websites;
- websites or publications by local responsible authorities;
- websites or publications by local voluntary schemes and initiatives; and
- on-line mapping tools.

8.46 While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be taken into consideration when making an application. Licensing authorities may wish to encourage co-operation between applicants, responsible authorities and, where relevant, local residents and businesses before applications are submitted in order to minimise the scope for disputes to arise.

8.47 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.

8.48 All parties are expected to work together in partnership to ensure that the licensing objectives are promoted collectively. Where there are no disputes, the steps that applicants propose to take to promote the licensing objectives, as set out in the operating schedule, will very often translate directly into conditions that will be attached .

8.49 For some premises, it is possible that no measures will be appropriate to promote one or more of the licensing objectives, for example, because they are adequately covered by other existing legislation. It is however important that all operating schedules should be precise and clear about the measures that are proposed to promote each of the licensing objectives.

Reading Borough Council Licensing Policy statement states:

7.21 Crime Prevention

Conditions attached to premises licences and club premises certificates will, so far as possible, reflect local crime prevention strategies.

Where relevant representations are received the Authority may impose conditions, for example, requiring the use of CCTV both inside and outside of licensed premises for the purpose of minimising crime disorder and disturbance. Again, applicants for licences should note that the Authority might only attach conditions to licences if such conditions are consistent with the operating schedule submitted as part of the application process, or if relevant representations are received.

11.3 Hours of Sales in Off Licences

Shops, stores and supermarkets will generally be permitted to sell alcohol for consumption off the premises during the normal hours they intend to open for shopping purposes. However, in the case of individual shops that are known to be a focus of disorder and disturbance, then subject to relevant representations being received, a limit on licensing hours may be appropriate.

11.4 Licensed Premises in Residential Areas

In general the Authority will deal with the issue of licensing hours on the individual merits of each application. However, when issuing a licence, stricter conditions are likely to be imposed with regard to noise control in the case of premises that are situated in largely residential areas. In general, public houses located in and catering for residential areas wishing to open beyond 11pm will need to demonstrate clearly that public nuisance will not result from later operation.

14. Licence Conditions

General Approach to Licence Conditions

The purpose of the licensing Act is the regulation of licensable activities on licensed premises. All conditions attached to Premises Licences and Club Premises Certificates, will be focused on matters, which are within the control of individual licensees and others in possession of relevant authorisations. Accordingly, matters will centre on the premises being used for licensable activities and the vicinity of these premises.

Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour once persons are away from licensed premises, and therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation. However, licensing law will always be part of a holistic approach to the management of the evening and local economy.

Licensing conditions will relate to licensed premises and the impact of those licensable activities on the premises in the vicinity thereof. In this latter regard the Council will primarily focus on the direct impact of any activities taking place on those living, working or otherwise engaged in the area concerned business, which is a relevant representation, or conditions are consistent with the operating schedule submitted by the applicant.

The Authority will, only impose conditions on premises if it is considered necessary and proportionate to do so in order to promote the licensing objectives. The Authority does not propose to implement standard conditions on licences across the board but instead, will draw upon a pool of conditions based upon those issued by the Home office and will attach such other conditions as it considers appropriate, given the circumstances of each individual case.

The model conditions will cover issues surrounding;

crime and disorder
public safety
public nuisance
protection of children from harm

Conditions to be imposed on licences will be tailored to the individual premises and events concerned. None of the matters discussed within this policy which may result in the imposition of conditions will be applicable or suitable for all premises. The Authority will have regard to the size and type of premises when considering imposing conditions upon licences as the result of receiving relevant representations.

Applicants are asked to consider the model conditions and incorporate such of the conditions into their operating schedules as they consider appropriate and necessary in order to promote the licensing objectives. The Authority will impose the model conditions on application when those conditions are consistent with the operating schedule.

If this application proceeds to a Licensing Applications Sub-Committee, and a licence is granted, the Licensing team would like the following conditions to be considered.

THAMES VALLEY POLICE

Division/Station : Reading Police Station Licensing Dept

From : C2107 Declan Smyth

To : Reading Borough Council

Subject :

Ref: Local Food & Wine, 441 Basingstoke Road, Reading, RG2 0JF Date: 5th July 2018

Objection

To whom it may concern

I C2107 Declan Smyth on behalf of the Chief Officer of Thames Valley Police wish to formally object to the proposed application for a Application for a premises licence submitted by Jasnoor Sing Vadwah in relation to Local Food & Wine, 441 Basingstoke Road, Reading, RG2 0JF as it is believed that this application in its current format will undermine the four licensing objectives with specific regard to that of the prevention of crime & disorder.

The proposal before the Sub-Committee is for the Supply of Alcohol (Off Premises), Monday to Sunday 07:00-23:00 and Hours Premises Open To The Public Monday to Sunday 07:00-23:00

The Premises Licence for this site was revoked on 29th March 2018 by the Reading Borough Sub- Committee. On that occasion the premises licence holders were discovered to be employing an illegal worker which was compounded by a number of failures to comply with licensing legislation and breaches of licensing conditions found in 2015 and 2017.

Of course due to the history of this site and nature of the previous incidents leading to that review it is imperative that these criminal activities and wholesale failures are not repeated. The concern of Thames Valley Police is that this application has been made in an attempt to circumvent the current review process relating to this premises and if granted will likely lead to the continuation of poor practice and a failure to uphold the licensing objectives.

We strongly recommend that based on these concerns extreme scrutiny and due diligence be carried out by the licensing sub-committee to insure that this is indeed a “New” application, and not a “rebranded” application that will likely undermine the four licensing objectives.

Prior to this application Thames Valley Police can confirm that no contact has been received from the applicant in relation to this application in order to discuss any concerns which we may have had in relation to this and to determine any information that could have been supplied relating to our advice on local issues.

Paragraph 8.46 of the Secretary of States Guidance issued under Sec 182 Licensing Act 2003 states “While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be take into consideration when making an application.”

8.47 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.

8.48 All parties are expected to work together in partnership to ensure that the licensing objectives are promoted collectively. Where there are no disputes, the steps that applicants

propose to take to promote the licensing objectives, as set out in the operating schedule, will very often translate directly into conditions that will be attached .

8.49 For some premises, it is possible that no measures will be appropriate to promote one or more of the licensing objectives, for example, because they are adequately covered by other existing legislation. It is however important that all operating schedules should be precise and clear about the measures that are proposed to promote each of the licensing objectives.

In Conclusion Thames Valley Police strongly feel that this application in its current format and without further scrutiny is likely to undermine the licensing objectives, due to its failure to address sufficient conditions within the operating schedule that would provide reassurance that the failings of Today's Local Store are not repeated.

Case law within the East Lindsey District Council v Abu Hanif establishes:-

“Importantly the prevention of crime and disorder requires a prospective consideration of what is warranted in the public interest, having regard to the twin considerations of the prevention and deterrence”

Therefore in this situation we would state our opinion that the licensing objectives are prospective and can be preventative and would urge the Licensing Sub-Committee to refuse this application for a premises licence in order to prevent the licensing objectives from being undermined.

If the Licensing Sub-Committee were of a mind to grant this application we would strongly recommend the following conditions be added to the operating schedule.
