Traditionally, the December meeting of the Older People's Working Group is a celebratory event rather than a business meeting. However, as a number of older people have asked for an opportunity to take part in the Council's current consultation about Changes to the Concessionary Fares Scheme for Older Person Pass Holders. There will be an update from Transport at 3.30pm. We have extended the room booking so that those who wish to hear from the Transport Team and give their views can do so from 3:30pm
