Borough Council  
Working better with you

The 2014 Community Infrastructure Levy (CIL) Amendment Regulations (Feb 2014) now includes for a draft infrastructure list to form part of the appropriate available evidence to inform the preparation of the Charging Schedule (Reg 14). This is known as the Regulation 123 list and is a list of infrastructure that the Council desires to fund in whole or part through CIL. The Council's Draft Regulation 123 List is included below and has been informed by the Revised Infrastructure Delivery Schedule.

The Council can use a percentage of CIL, as defined in the CIL Regulations, to finance administrative expenses in connection with CIL. In addition 15% of CIL raised (capped at £100 per council tax dwelling) can be used for neighbourhood funding in those areas without a parish or town council.

A draft Section 106 Supplementary Planning Document is being consulted on at the same time as the Draft Charging Schedule<sup>1</sup> and seeks to identify the principles of what Section 106 will continue to fund and what CIL will be used for.
