4. THE PROPOSAL

- 4.1 A petition has been received asking the Council, "To cancel plans to switch off the traffic lights at the Broad Street/West Street junction."
- 4.2 The petition goes on to state that "Elderly and disabled people in particular would be put in danger. Generally, the loss of these lights would mean that pedestrians have to estimate whether or not they have time to cross the road before oncoming traffic reaches them. This is nerve wracking when you know that drivers may not allow for you to be slower than most".
- 4.3 "In particular, blind people depend on the beeps that sound when the traffic lights are on green for pedestrians. Without those they are lost and have to depend on strangers who may know nothing about guiding them - nor care - to take them across. That at the same time as RBC is planning to cut spending on disabled adults supposedly in the interests of improving their independence!"
- 4.4 The traffic signal switch off is being carried out on a trial basis and a full evaluation report, will be submitted to the June 2015 Traffic Management Sub-Committee for consideration.

5. CONTRIBUTION TO STRATEGIC AIMS

- 5.1 To promote equality, social inclusion and a safe and healthy environment for all.
