9. Powers of the Authority in determining an application for the grant of a premises licence

The Licensing authority, when determining an application for the grant of a premises licence may:

- Grant the application as applied for
- Grant the application with modifications
- Refuse the application

10. Licensing Objectives and Reading Borough Council's Licensing Policy Statement

In considering representations received the Licensing Authority has a duty to carry out its functions with a view to promoting the four licensing objectives, which are as follows:

- The Prevention of Crime and Disorder
- Public Safety
- The Prevention of Public Nuisance
- The Protection of Children from Harm

Any conditions that are placed on a premises licence should be appropriate and proportionate with a view to promoting the licensing objectives. The Licensing Authority can amend, alter or refuse an application should it be deemed appropriate for the promotion of the licensing objectives.

In determining this application, the Licensing Authority must also have regard to the

representations received, the Licensing Authority's statement of licensing policy and any relevant section of the statutory guidance to licensing authorities.

11. Amended Guidance issued under section 182 of the Licensing Act 2003 (April 2018)

Licensing Objectives and Aims:

1.2 The legislation provides a clear focus on the promotion of four statutory objectives which must be addressed when licensing functions are undertaken.

1.3 The licensing objectives are:

- The Prevention of Crime and Disorder
- Public Safety
- The Prevention of Public Nuisance
- The Protection of Children from Harm

1.4 Each objective is of equal importance. There are no other statutory licensing objectives, so that the promotion of the four objectives is a paramount consideration at all times.

1.5 However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work. They include:

- protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises.

Steps to promote the licensing objectives:

8.41 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.

8.42 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;

- any risk posed to the local area by the applicants' proposed licensable activities; and
- any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.

8.44 It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives, and where there are no known concerns, acknowledge this in their application.

8.45 The majority of information which applicants will require should be available in the licensing policy statement in the area. Other publicly available sources which may be of use to applicants include:

- the Crime Mapping website;
- Neighbourhood Statistics websites;
- websites or publications by local responsible authorities;
- websites or publications by local voluntary schemes and initiatives; and
- on-line mapping tools.

8.46 While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be taken into consideration when making an application. Licensing authorities may wish to encourage co-operation between applicants, responsible authorities and, where relevant, local residents and businesses before applications are submitted in order to minimise the scope for disputes to arise.

8.47 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.

8.48 All parties are expected to work together in partnership to ensure that the licensing objectives are promoted collectively. Where there are no disputes, the steps that applicants propose to take to promote the licensing objectives, as set out in the operating schedule, will very often translate directly into conditions that will be attached to premises licences with the minimum of fuss.

8.49 For some premises, it is possible that no measures will be appropriate to promote one or more of the licensing objectives, for example, because they are

adequately covered by other existing legislation. It is however important that all operating schedules should be precise and clear about the measures that are proposed to promote each of the licensing objectives.

The role of responsible authorities

9.12 Each responsible authority will be an expert in their respective field, and in some cases, it is likely that a particular responsible authority will be the licensing authority's main source of advice in relation to a particular licensing objective. For example, the police have a key role in managing the night-time economy and should have good working relationships with those operating in their local area⁵. The police should usually therefore be the licensing authority's main source of advice on matters relating to the promotion of the crime and disorder licensing objective. However, any responsible authority under the 2003 Act may make representations with regard to any of the licensing objectives if they have evidence to support such representations. Licensing authorities must therefore consider all relevant representations from responsible authorities carefully, even where the reason for a particular responsible authority's interest or expertise in the promotion of a particular objective may not be immediately apparent. However, it remains incumbent on all responsible authorities to ensure that their representations can withstand the scrutiny to which they would be subject at a hearing.

Hearings

9.39 The licensing authority should give its decision within five working days of the conclusion of the hearing (or immediately in certain specified cases) and provide reasons to support it. This will be important if there is an appeal by any of the parties. Notification of a decision must be accompanied by information on the right of the party to appeal. After considering all the relevant issues, the licensing authority may grant the application subject to such conditions that are consistent with the operating schedule. Any conditions imposed must be appropriate for the promotion of the licensing objectives; there is no power for the licensing authority to attach a condition that is merely aspirational. For example, conditions may not be attached which relate solely to the health of customers rather than their direct physical safety. Any conditions added to the licence must be those imposed at the hearing or those agreed when a hearing has not been necessary.

9.40 Alternatively, the licensing authority may refuse the application on the grounds that this is appropriate for the promotion of the licensing objectives. It may also refuse to specify a designated premises supervisor and/or only allow certain requested licensable activities. In the interests of transparency, the licensing authority should publish hearings procedures in full on its website to ensure that those involved have the most current information.

Determining actions that are appropriate for the promotion of the licensing objectives

9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into

account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.

9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

Licensing Act 2003

The Licensing Act 2003 under Section 18 (6) also states that any relevant representation should be considered in the context of:

(a) the likely effect of the grant of the premises licence on the promotion of the licensing objectives.

Therefore, in the context of the grant of a licence, it is reasonable for the Licensing Authority to base its decision on an application on what the likely effects of granting a licence would have on the promotion of the licensing objectives.

12. The Council's Licensing Policy Statement (2018):

1.6 The predominantly urban nature of Reading as a town means that an appropriate balance needs to be struck between the needs of local business and the needs of local residents. This licensing policy seeks to encourage all stakeholders to engage in the licensing process so that the needs of all can be taken into account and issues dealt with in a spirit of partnership and cooperation.

3. Licensing and integration with other legislation

3.1 Many other pieces of legislation impact directly or indirectly on the licensing regime. The Licensing Authority must have regard to the following when it discharges its responsibilities under the Licensing Act 2003 and in relation to the promotion of the four licensing objectives:

Crime and Disorder Act 1998

3.2 This Act requires local authorities and other bodies to consider crime and disorder reduction. Section 17 of the Act states that it shall be the duty of each authority, to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area (including anti social and other behaviour) adversely affecting the local environment. This links specifically with the licensing objective of prevention of crime and disorder and the licensing authority will take into account all reasonable measures that actively promote this licensing objective.

5. Licensing Applications

Grant and Full Variations

5.6 During the 28-day consultation period, the authority will scrutinise the application along with all of the other Responsible Authorities to judge whether it undermines the promotion of the licensing objectives. The application will be made available to any person who requests to see it. As per Section 18 (6) of the Licensing Act 2003, it will consider the likely effect of granting any licence on the promotion of the licensing objectives. The authority will expect all applicants to have taken cognisance of the Secretary of State's Guidance; local strategies and initiatives; this policy and any other known local issues before submitting their application and that these matters are addressed within the operating schedule of the application.

5.7 Whilst many applications will be resolved without the need for a committee hearing, any matters or representations that are not resolved will trigger a hearing before the properly constituted Licensing Applications Committee for determination.

6. Licensing Conditions

General Approach

6.1 Conditions shall be appropriate and proportionate for the promotion of the licensing objectives and shall be unambiguous and clear in their stated aims. Conditions will also be tailored to the type, location and characteristics of the particular premises and the relevant licensable activities. Any condition imposed by the Authority shall also aim to avoid duplication of other legislation unless there is a requirement to impose such a condition in order to promote the licensing objectives (for example, a capacity limit for public safety reasons). This shall apply to all relevant applications (grant/variation of a premises licence or club premises certificate)

6.2 The operating schedule within an application should contain an assessment from the proposed licence holder of what they believe are appropriate and proportionate measures to enable them to carry out their proposed licensable activities. This assessment should be arrived at by taking cognisance of this policy and the Secretary of State's guidance which outlines the matters that an applicant should take into account such as issues in the locality and why their proposed measures are suitable for their proposed operation.

6.5 Any conditions imposed upon a premises licence or club premises certificate will be tailored to that type of premises and the style of operation. Consideration will also be given to the locality of the premises; issues in the locality; the issues set out in the Guidance and any policy, initiative or other matter the licensing authority wishes to take into account in order to promote the four licensing objectives.

7. Licensing Hours

General Approach

7.2 When an application receives representations, the authority may consider reducing the opening hours and times for licensable activities if it considers it appropriate for the promotion of the licensing objectives.

Licensed Premises in Residential Areas

7.6 When dealing with applications and issuing licences, the authority is likely to impose stricter conditions on premises operating in residential areas if it considers it appropriate and proportionate to do so. This will apply to all premises types.

7.8 Premises that wish to provide regulated entertainment may be subject to additional conditions to ensure that residents are not disturbed. This may include the use of sound limiters; keeping doors and windows closed and restricting the hours when music is played.

7.11 Premises that are planning to put on events that involve regulated entertainment may be required to provide the authority with a detailed event management plan of that event which may include a detailed noise risk assessment.

7.12 The licensing authority will seek the input of the Council's Environmental Protection and Nuisance team when looking at measures that may be appropriate for the prevention of public nuisance. This will include taking cognisance of any representations that are submitted as part of the application process or any enforcement action they have taken under their own legislation - such as noise abatement notices.

8. Children in Licensed Premises

8.6 The Authority will expect all licence holders or premises that wish to allow children on to their premises to ensure that access is restricted where appropriate. This would include, ensuring that all children are accompanied and that they do not have access to or sight of alcohol.

10. Administration, Exercise and Delegation of Functions

10.1 The powers of the Licensing Authority under the Licensing Act 2003 may be carried out by the Licensing Committee; by a Sub Committee or by one or more officers acting under delegated authority. The Licensing Committee will consist of between 10-15 members and the committee may establish one or more sub-committees consisting of two or three members.

10.3 A Licensing Sub-Committee shall hear all applications where relevant representations have been received and applications for the review of a premises licence that may have been submitted by Responsible Authorities or any other persons.

13. Relevant Case law for consideration:

(R) on the application of Hope and Glory Public House v Westminster City Council (2011) EWCA Civ31 illustrates that licensed premises, and the activities that take place in those premises, exist in a dynamic environment, and should not be looked at entirely in isolation and confirms that this can include the impact that licensable activities have on a range of factors such as crime, the quality of life for residents and visitors to the area, and demand for licensed premises.

East Lindsey District Council v Abu Hanif (t/a Zara's Restaurant) (2016) this underpins the principles widely acknowledged within the Licensing Act 2003 that the licensing objectives are prospective, and that the prevention of crime and disorder requires a prospective consideration of what is warranted in the public interest, having regard to the twin considerations of prevention and deterrence.

Section 18 of 21

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

The persons with significant control of the corporate applicant are experienced and responsible operators of similar venues and have assessed the risks in respect of the licensing objectives as applied to these proposals, having borne in mind the provisions of the Licensing Act 2003, section 182 Government Guidance and the Licensing Authority's Statement of Policy. It is proposed that these premises will provide entertainment facilities within this small retail & leisure complex, and will complement the existing leisure and fitness facilities in the area, providing an attraction for residents and visitors to the area without any adverse impact on the licensing objectives. In order to promote the licensing objectives, the applicant, having considered the above, offers the following conditions:

1. Non-intoxicating beverages, including drinking water, shall be available to patrons throughout the permitted hours for the sale of alcohol
2. All staff involved in the sale of alcohol shall receive training on the law relating to prohibited sales, the age verification policy adopted by the premises and the conditions attaching to the premises licence. Refresher training shall be provided at least once every 6 months. A record shall be maintained of all staff training and that record shall be signed by the person receiving the training and the trainer. The records shall be kept for a minimum of 12 months and made available for inspection by police, licensing officers or authorised officers from other responsible authorities.
3. An incident log shall be kept at the premises. The log shall include the date and time of any incident, and the name of the member of staff who witnessed any incident and shall record the following:
 - (a) any incidents of crime and disorder
 - (b) any faults causing the CCTV system to be inoperable
 - (c) any refusal of the sale of alcohol
 - (d) any visit by a responsible authority or emergency service
 - (e) any patrons ejected from the premises
 - (f) any seizures of drugs or offensive weapons

Such records of incidents shall be retained for a minimum of 1 year and be made available on request to a licensing officer of the licensing authority or the Police.

b) The prevention of crime and disorder

A CCTV system shall be installed and maintained enabling frontal identification of persons entering the premises in any light condition. The CCTV system shall continually record and cover areas where alcohol is provided to customers whilst the

Continued from previous page...

premises is open for licensable activities (unforeseen faults excepted). All recordings shall be stored for a minimum period of 31 days with correct date and time stamping. Recordings shall be made available upon the reasonable request of the Police or an authorised officer of the licensing authority throughout the preceding 31 day period provided that such requests are in connection with the prevention or detection of crime and subject to current Data Protection legislation.

c) Public safety

No additional conditions are proposed in respect of public safety over and above those relevant under other statutory provisions.

d) The prevention of public nuisance

It is not anticipated that any public nuisance issues should arise as a result of ten-pin bowling activities inside the premises, however, notices will be displayed at the exit to the premises requesting that patrons respect the neighbourhood and leave the premises quietly.

e) The protection of children from harm

A Challenge 25 policy will be operated at the premises under which the only acceptable forms of identification are recognised photographic identification cards (such as a driving licence or passport or holographically marked PASS scheme identification cards). Appropriate signage advising customers of the policy shall prominently displayed in the premises.

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Continued from previous page...

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- An expired or current passport showing the holder, or a person named in the passport as the child of the holder, is a British citizen or a citizen of the UK and Colonies having the right of abode in the UK [please see note below about which sections of the passport to copy].
- An expired or current passport or national identity card showing the holder, or a person named in the passport as the child of the holder, is a national of a European Economic Area country or Switzerland.
- A Registration Certificate or document certifying permanent residence issued by the Home Office to a national of a European Economic Area country or Switzerland.
- A Permanent Residence Card issued by the Home Office to the family member of a national of a European Economic Area country or Switzerland.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder indicating that the person named is allowed to stay indefinitely in the UK, or has no time limit on their stay in the UK.
- A **current** passport endorsed to show that the holder is exempt from immigration control, is allowed to stay indefinitely in the UK, has the right of abode in the UK, or has no time limit on their stay in the UK.
- A **current** Immigration Status Document issued by the Home Office to the holder with an endorsement indicating that the named person is allowed to stay indefinitely in the UK or has no time limit on their stay in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the UK, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A birth or adoption certificate issued in the Channel Islands, the Isle of Man or Ireland **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A certificate of registration or naturalisation as a British citizen, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.

Continued from previous page...

- A **current** passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.
- A **current** Residence Card issued by the Home Office to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights or residence.
- A **current** Immigration Status Document containing a photograph issued by the Home Office to the holder with an endorsement indicating that the named person may stay in the UK, and is allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A Certificate of Application, **less than 6 months old**, issued by the Home Office under regulation 18(3) or 20(2) of the Immigration (European Economic Area) Regulations 2016, to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.
- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.
- Reasonable evidence that a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence in exercising treaty rights in the UK including:-
 - evidence of the applicant's own identity – such as a passport,
 - evidence of their relationship with the European Economic Area family member – e.g. a marriage certificate, civil partnership certificate or birth certificate, and
 - evidence that the European Economic Area national has a right of permanent residence in the UK or is one of the following if they have been in the UK for more than 3 months:
 - (i) working e.g. employment contract, wage slips, letter from the employer,
 - (ii) self-employed e.g. contracts, invoices, or audited accounts with a bank,
 - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
 - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:-

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

Continued from previous page...

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Officer Comments

The Licensing team wish to make representation in respect this grant application for a Bowling Alley in Caversham Road, Reading (formally a retail unit) which wishes to operate 7 days a week in a residential area, due to the potential undermining of the licensing objectives. The Licensing team believe that the operating schedule contained within the application does not include enough information or suitable measures to promote the licensing objectives to operate a new Entertainments Centre (Ten Pin Bowling) supplying alcohol, recorded music and late night refreshment in the town centre. It is also noted that no documentation has been supplied to confirm this business can operate lawfully in regard to planning legislation. The Licensing team do not believe the measures outlined in the operating schedule are robust enough to ensure the promotion of the four licensing objectives - particularly the prevention of crime and disorder, prevention of public nuisance, public safety and the protection of children from harm.

There is a general concern surrounding the supply of alcohol specifically in a residential areas. Reading Borough Council understands that the Licensing Objectives are prospective and preventative, and as such submit that in order to ensure that the licensing objectives are upheld. The Licensing officer has noted that the applicant has made no specific references to the Council's Statement of Licensing policy in the application, or made references to any current issues of crime and disorder in the area where the premises is located.

The new Premises is located in the Town centre/cumulative impact borders, on the main Caversham Road (A329), which is a well used busy road to and from Reading town centre by pedestrians and vehicles. Possible confrontations between Bowling customers and other groups in Caversham Road. Possible noise and anti-social behaviour and other crimes from Bowling customers leaving and walking through residential areas in Caversham Road/Northfield Road/Swansea Road/York Road/Addison Road/Cardiff Road/Richfield Avenue (South)/Gt Knollys Street/Station Road. No information was

provided in regard to planning (late hours/change of use/changes to structure). It is assumed outside areas of the premises will not be used for drinking or eating.

When looking to grant a premises licence, the licensing authority and other Responsible Authorities have to determine what the **likely effect** of granting any licence would be on the promotion of the licensing objectives. This is consistent with section 18 (6) and 59 (1) of the Licensing Act 2003. The licensing objectives are prospective as outlined below and given all of the above reasons and the rationale given for them below, respectfully submit that the application be refused if the applicant is unwilling to accept more robust conditions, than those offered by the applicant.

The Licensing team have taken some time to look at this application in some detail, as it is located within a challenging area in regards crime and disorder. Additional information was sought from the applicant regarding staffing levels, the capacity and planning permissions. However, at the time of drafting this representation, no response was received.

The conditions below are based on Applicant's Operating Schedule, Reading Borough Council's Statement of Licensing Policy, Licensing Act Guidance, local crime statistics and the Officer's local area knowledge of the area and will assist the applicant in supporting the four licensing objectives whilst operating their business near the town centre, in a residential area.

As mentioned above, there is a significant issue in the Reading area with crime and disorder, including street crime, use of bladed weapons, drug taking, sexual assaults and drunkenness. This has led to issues of anti-social behaviour in local communities.

Sections 8.41 to 8.49 of the Secretary of State's Guidance outline what applicant's should consider when they are filling out their operating schedule - including sufficient measures and why those measures are deemed sufficient. Section 18 (6) of the Licensing Act 2003 makes clear that representations should be about the likely effect of granting a licence on the promotion of the licensing objectives. The case law of East Lindsey DC v Abu Hanif also clearly outlines that the licensing objectives require a prospective consideration of what is warranted in the public interest having regard to the twin interests of prevention and deterrence. In other words, responsible authorities do not have to wait for the licensing objectives to be undermined before considering taking action to prevent and deter that action from taking place in the first place. Further, the licensing authority cannot just simply duplicate what is in the operating schedule of an application - particularly if it is unclear or likely to be unenforceable (sections 10.4 to 10.7 of the guidance)

I refer to Section 18 (6) of the Licensing Act in regard to the likely effect the granting of a licence would have on the promotion of the licensing objectives and sections 8.41 to 8.49 of the Secretary of State's Guidance which deals with the information that applicants should provide to the licensing authority in order to actively promote the licensing objectives.

Secretary of State's Guidance

8.41 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to **demonstrate knowledge of their local area** when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.

Reading Borough

Council Licensing Policy statement (2018) states:
(22nd October 2018 until 21st October 2023)

1.1 This policy sets out how the Council as the Licensing Authority for Reading promotes the four licensing objectives stated in the Licensing Act 2003. The four licensing objectives, as outlined in Section 4 (2) of the Licensing Act 2003, are of equal importance and the Council along with other named Responsible Authorities, stakeholders, residents and licence holders shall work together in order to actively promote them. Those four licensing objectives are:

- The prevention of crime and disorder
- The prevention of public nuisance
- The protection of children from harm
- Public Safety

1.2 The Council must have regard to the four licensing objectives when carrying out its functions under the Licensing Act 2003. The Licensing Authority will also have regard to other Council policies which have been introduced to tackle issues that may undermine crime and disorder or any of the other licensing objectives. The Licensing Authority will have regard to the contents of this policy as well as the Secretary of State's Guidance issued under Section 182 of the Licensing Act 2003. It may also depart from this policy and the Secretary of State's Guidance if there are exceptional circumstances and it is appropriate to do so to promote the licensing objectives. If the Licensing Authority departs from the Secretary of State's Guidance it will give reasons as per paragraph 1.9 of that guidance. 1.3 The legislation also supports other key aims and purposes. These are outlined in paragraph 1.5 of the guidance and should be principal aims for all parties involved in licensing for the promotion of the licensing objectives. The licensing authority will have regard to these key aims in its decision making. They are:

- Protecting the public and local residents from crime, anti-social behaviour and noise nuisance associated and caused by irresponsible licensed premises;
- Giving the police and licensing authorities the powers they need to effectively manage and police the night time economy and take action against those premises that are causing problems;

- Recognising the important role which pubs and other licensed premises play in our local communities by minimising the regulatory burden on business, encouraging innovation and supporting responsible premises;
- Providing a regulatory framework for alcohol which reflects the needs of local communities and empowers local authorities to make and enforce decisions about the most appropriate licensing strategies for their local area;
- Encouraging greater community involvement in licensing decisions and giving local residents the opportunity to have their say regarding licensing decisions that may affect them.

Licensing and Planning integration

2.2 The planning authority of Reading Borough Council is a responsible authority under the Licensing Act 2003. It can make representations on applications or call for reviews of existing licences based upon any of the four licensing objectives. The prevention of crime and disorder and prevention of public nuisance are shared concerns of the planning and licensing authorities.

2.3 The planning authority have a number of policies that impact on Reading's night time economy. The Licensing authority recognises that licensing applications should not be a rerun of the planning application process. The planning authority remains the regime that is directed at development of land and the use of premises upon it. The licensing authority remains the regime that is directed at the licensable activities and responsible management of said premises upon that land.

2.4 Whilst there is a clear distinction and separation between the licensing authority and planning authority in terms of their remit, there are times when there are overlapping considerations. In order to secure proper integration across the Council's range of policies, the Licensing authority will expect applicants to demonstrate that their proposed use of a premises is lawful in planning terms, including complying with any conditions and timings that may be imposed upon a planning consent prior to any application being submitted under the Licensing Act.

2.5 Where the planning authority has granted planning consent to a specific time, the Licensing authority would expect any applicants under the Licensing Act to not exceed that time within any application.

2.6 Where the planning authority has granted a planning consent that contains conditions that may undermine the promotion of the licensing objectives (such as a restriction in the opening hours based on potential public nuisance issues), the licensing authority would expect applicants to demonstrate how they will mitigate those issues within any application. Failure to do so could lead to representations being made against an application.

2.7 Whilst acknowledging that planning and licensing are separate regimes and that licensing authorities are not bound by the decisions of planning committees (and vice versa), the licensing authority shall aim for the proper integration between licensing and all other Council policies, strategies and initiatives in order to actively promote the licensing objectives.

2.8 When licensing applications are determined by officers of the Licensing Authority or by the Licensing Sub Committee, conditions may be imposed upon a licence in order

to ensure consistency between the licensing objectives and any measures already determined by the planning authority that could impact the licensing objectives.

2.9 The Council's 'Reading Central Area Action Plan' identifies in more detail those issues relating to licensed premises, the 24 hour economy and the general organisation of retailing within the town centre.

2.10 The key issues surrounding the determination of planning permission are as follows:

- Impact on residential amenity through noise, odour, disturbance, litter, etc
- Impact on the viability of the town centre
- Potential financial contribution to a safer borough (CCTV)

These are all matters that are also proper concerns of the licensing authority and will be taken into account when determining applications. If appropriate to the promotion of the licensing objectives, conditions may be added to licences so as to ensure proper integration of Council policies and strategies

Other Legislation that the Licensing Authority will consider

3.7 The Licensing Authority will also have cognisance to the following legislation when it decides to discharge its responsibilities under the Licensing Act. This list is not exhaustive:

- Environmental Protection Act 1990 which deals with noise and nuisance
- Regulatory Reform Order 2005 which deals with fire safety
- Highways Act 1980 which deals with pavement café licences
- Reading Borough Council Act 2013 which deals with street trading and touting
- Health and Safety at Work Act 1974 and Food Hygiene regulations
 - Planning legislation (see paragraphs 2.2-2.9 of this policy)

General Approach

7.1 The Licensing Act 2003 gives the licensing authority the power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of this policy. The licensing authority will make appropriate decisions on licensing hours for the locality of each premises. All applications will be considered on its individual merits.

7.2 When an application receives representations, the authority may consider reducing the opening hours and times for licensable activities if it considers it appropriate for the promotion of the licensing objectives.

7.3 As part of the operating schedule submitted with any application, the applicant is expected to take cognisance of the guidance, this policy and any other available data pertaining to their prospective locality and the potential impact their operation may have on that area.

7.4 Where it is deemed appropriate and proportionate to do so, the authority may seek to reduce the hours for licensable activities in order to promote an orderly and gradual dispersal from a certain area or certain premises.

7.5 All applicants and licence holders are expected to achieve and to adhere to any relevant planning permissions - including hours of operation. Applicants are expected to achieve planning permission before applying for any licence. Where the planning authority have set a terminal hour on a premises planning permission, the licensing authority will generally only grant a licence to that hour. This is to ensure consistency and integration between licensing and planning as detailed in section 2 of this policy.

Licensed Premises

7.6 When dealing with applications and issuing licences, the authority is likely to impose stricter conditions on premises operating in residential areas if it considers it appropriate and proportionate to do so. This will apply to all premises types.

7.7 Generally, any licensed premises looking to open past 11pm (2300hrs) in a residential area will need to demonstrate clearly in their operating schedule that public nuisance will not result from later operation. As part of the operating schedule, applicants should read the Secretary of State's Guidance, this policy and any other relevant document and ensure that robust measures are included in any application.

7.8 Premises that wish to provide regulated entertainment may be subject to additional conditions to ensure that residents are not disturbed. This may include the use of sound limiters; keeping doors and windows closed and restricting the hours when music is played.

7.12 The licensing authority will seek the input of the Council's Environmental Protection and Nuisance team when looking at measures that may be appropriate for the prevention of public nuisance. This will include taking cognisance of any representations that are submitted as part of the application process or any enforcement action they have taken under their own legislation - such as noise abatement notices.

7.16 There are concerns about noise, nuisance, crime and disorder and anti social behaviour in respect of premises open late and providing hot food and drink. Operators and potential applicants of late night refreshment venues wishing to open past 11pm will need to demonstrate that there are suitable policies and procedures in place to mitigate any undermining of the licensing objectives from their operation. If suitable practices and policies are not put in place and it is the belief of the Authority that crime and disorder and/or a public nuisance is likely to occur due to the late operation of late night refreshment premises, then the Authority will look at reducing the hours and or (subject to relevant representations being received) removing late night refreshment from an

application in its entirety.

7.17 The Authority - whilst taking each application on its own merits - is unlikely to grant excessive hours to any premises if it believes it will undermine the promotion of the licensing objectives in the locality where it proposes to operate. Applicants should ensure that their application takes cognisance of the information available - including crime data - and ensure that the operating schedule is tailored accordingly. Premises within the Council's town centre Cumulative Impact Area will also need to ensure that they rebut the presumption of refusal against applications in that area.

8.1 The protection of children from harm includes the protection of children from moral, psychological and physical harm. This includes not only protecting children from the harms associated directly with alcohol consumption but also wider harms such as exposure to strong language and sexual expletives (for example, in the context of exposure to certain films or adult entertainment). The Secretary of State's Guidance to the Licensing Act 2003 also makes clear that the authority must also consider the need to protect children from sexual exploitation when undertaking licensing functions.

8.2 Applicants must be clear in their operating schedules about the activities and times at which the events would take place to help determine when it is not appropriate for children to enter the premises. Consideration should also be given to the proximity of premises to schools and youth clubs so that applicants take appropriate steps to ensure that advertising relating to their premises, or relating to events at their premises, is not displayed at a time when children are likely to be near the premises.

From : C2107 Declan Smyth

To : Reading Borough Council

Ref : KTO (Reading) LTD, 65 Caversham Road, Reading, Berkshire RG1 8AD Date :19th May 2022

Subject :

Objection

To whom it may concern

I C2107 Declan Smyth on behalf of the Chief Officer of Thames Valley Police wish to formally object to the proposed application for a premises licence submitted by KTO (Reading) LTD, 65 Caversham Road, Reading, Berkshire RG1 8AD as it is believed that this application in its current format will undermine the four licensing objectives with specific regard to that of the prevention of public nuisance and the prevention of crime & disorder.

The proposal before the Sub-Committee is for:

- Provision Of Recorded Music (Indoors)
Sunday to Thursday From 10:00hrs until 24:00hrs
Friday & Saturday From 10:00hrs until 01:00hrs
- Late Night Refreshment
Sunday to Thursday From 23:00hrs until 24:00hrs
Friday & Saturday From 23:00hrs until 01:00hrs
- Supply Of Alcohol (On the premises)
Sunday to Thursday From 10:00hrs until 24:00hrs
Friday & Saturday From 10:00hrs until 01:00hrs
- Hours Premises Are Open To The Public
Sunday to Thursday From 10:00hrs until 00:30hrs
Friday & Saturday From 10:00hrs until 01:30hrs

The operating schedule within the application form contains some proposed conditions but does not contain sufficient measures wherein we can be satisfied that the four licensing objectives will be actively promoted. The applicant intends to operate the premises as a ten-pin bowling centre providing 7 lanes and ancillary facilities including provision of food and a small bar and lounge area.

Paragraph 8.41 to 8.49 of the Secretary of States Guidance issued under Sec 182 Licensing Act 2003 states:-

8.41 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their

own enquiries about the area in which the premises are situated to inform the content of the application.

8.42 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;
- any risk posed to the local area by the applicants' proposed licensable activities; and
- any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.

8.43 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact policy), applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy.

8.44 It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives, and where there are no known concerns, acknowledge this in their application.

8.45 The majority of information which applicants will require should be available in the licensing policy statement in the area. Other publicly available sources which may be of use to applicants include:

- the Crime Mapping website;
- Neighbourhood Statistics websites;
- websites or publications by local responsible authorities;
- websites or publications by local voluntary schemes and initiatives; and
- on-line mapping tools.

8.46 While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be taken into consideration when making an application. Licensing authorities may wish to encourage co-operation between applicants, responsible authorities and, where relevant, local residents and businesses before applications are submitted in order to minimise the scope for disputes to arise.

8.47 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.

8.48 All parties are expected to work together in partnership to ensure that the licensing objectives are promoted collectively. Where there are no disputes, the steps that applicants propose to take to promote the licensing objectives, as set out in the operating schedule, will very often translate directly into conditions that will be attached to premises licences with the minimum of fuss.

8.49 For some premises, it is possible that no measures will be appropriate to promote one or more of the licensing objectives, for example, because they are adequately covered by other existing legislation. It is however important that all operating schedules should be precise and clear about the measures that are proposed to promote each of the licensing objectives.

Paragraph 6.24 to 6.26 of the Reading Borough Council Licensing Policy (effective from: 22nd October 2018 until 21st October 2023) states:-

Alcohol led bars and clubs with regulated entertainment – General Approach to conditions

6.27 The licensing authority is of the opinion that premises that are alcohol led; provide limited seating for customers; provide little food and provide entertainment facilities have the strongest potential to undermine the promotion of the licensing objectives. The licensing authority believes that venues that encourage up right vertical drinking and the sale of alcohol – often at cheap prices – leads to a negative impact on the town and only serves to promote drunkenness and crime and disorder. Any applicant who wishes to operate such a venue will have to demonstrate that it's proposed use does not undermine the promotion of the licensing objectives and the authority would expect any operating schedule to contain stringent policies and procedures to achieve this. Measures such as CCTV, employment of door supervisors and the use of a club scan device will be expected as a minimum requirement. Door staff will also be expected to wear high visibility jackets and armbands so that they can be easily identified as well utilising – where appropriate – body worn video to help promote the prevention of crime and disorder licensing objective. The use of breathalysers is also to be encouraged in venues that are alcohol led and should – where appropriate – be advertised as a condition of entry to a licensed premises – particularly given the current prevalence for pre-loading.

Licensed Premises in Residential Areas

7.6 When dealing with applications and issuing licences, the authority is likely to impose stricter conditions on premises operating in residential areas if it considers it appropriate and proportionate to do so. This will apply to all premises types.

7.7 Generally, any licensed premises looking to open past 11pm (2300hrs) in a residential area will need to demonstrate clearly in their operating schedule that public nuisance will not result from later operation. As part of the operating schedule, applicants should read the Secretary of State's Guidance, this policy and any other relevant document and ensure that robust measures are included in any application.

7.8 Premises that wish to provide regulated entertainment may be subject to additional conditions to ensure that residents are not disturbed. This may include the use of sound limiters; keeping doors and windows closed and restricting the hours when music is played.

7.9 Premises with outdoor areas such as beer gardens and smoking areas may also be subject to further restrictions in regard to their operation and use.

7.10 Where any outside area is used for drinking and/or smoking – including the public highway outside of a licensed premises – and complaints of public nuisance or noise are received the authority will consider controls to limit the disturbance.

7.11 Premises that are planning to put on events that involve regulated entertainment may be required to provide the authority with a detailed event management plan of that event which may include a detailed noise risk assessment.

17.12 The licensing authority will seek the input of the Council's Environmental Protection and Nuisance team when looking at measures that may be appropriate for the prevention of public nuisance. This will include taking cognisance of any representations that are submitted as part of the application process or any enforcement action they have taken under their own legislation – such as noise abatement notices.

Thames Valley Police believe that this application including the proposed operating schedule and hours of operation regarding the sale of alcohol will undermine the four licensing

objectives. The applicant has not sufficiently taken into account concerns relating to public nuisance and crime and disorder within the local area and in our opinion not therefore provided sufficient steps to promote the four licensing objectives.

If the applicant, KTO (READING) LTD agrees to the conditions (listed below) being placed onto the premises licence the Thames Valley Police would be willing to withdraw their representation.

Thames Valley Police submit the following licence conditions for the consideration of the licensing sub-committee which we feel are appropriate in order to promote the four licensing objectives:-

Data recordings shall be made immediately for viewing to an authorised officer from Reading Borough Council or Thames Valley Police together with facilities for viewing upon request, subject to the provisions of the Data Protection Act and GDPR legislation. At least one member of staff on the premises at any time during operating hours shall be trained to access and download material from the CCTV system. Dear Sir/Madam,

The Bell Tower Community Association would like to express its opposition to the proposed licensing hours for 65 Caversham Road.

After hearing about the proposal we put up a short article on our noticeboard and online at <https://bell-tower.org.uk/bowling-alley-proposal-for-caversham-road-shop/> and invited comments from local residents. The feedback we have had so far is that the general use for the site as a bowling alley with other games represents a welcome new leisure development, particularly as such venues are lacking in Reading, but with concerns from nearby residents about the proposal to apply for a late alcohol and entertainment licence.

There are no existing late night entertainment venues adjacent to the residential area, and the residents we have heard from are concerned that they would be adversely affected by late night traffic and noise from customers leaving the venue. In the case of an entertainment venue with a bar we could foresee a significant number of customers leaving around the same time after midnight (or 1am at weekends) and creating a disturbance, as the main route inwards for traffic from the east and Caversham will be through the residential area (implying potentially a lot of late night taxi traffic), and pedestrians exiting towards parts of West Reading would walk through the area too.

Similar objections were made to the nearby Phantom Brewing Company's application in 2020 to extend its licence from 10pm to midnight - in this case we have always been satisfied that the venue is well-managed but there is still significant noise around 10.30pm when customers are walking away from the premises, which would have been after midnight with an extended licence. We understand that this licence application was refused by the council.

In short, we believe that the general use of the venue will represent a welcome new leisure facility but we are concerned about the proposed licensing hours. We would suggest that an alcohol and entertainment licence restricted to no later than 11pm would be more appropriate.

Kind regards,

David Neale

Secretary, Bell Tower Community Association

Dear Licensing team

Response to Applicant's amendments to Licensing team conditions:

I have looked at the comments from the applicant regarding conditions 3-7 and condition 8 at some length. I have concluded for a brand new premises selling alcohol and open until 0030hours, and located near the town centre to operate a safe environment for both staff and customers alike, the conditions regarding the requirement to provide SIA door staff to safeguard staff and customers working or visiting the premises together with operating a search policy will support all four licensing objectives.

Dear Licensing,

The Thames Valley Police Licensing departments response to Sandra Graham's email and the proposed conditions submitted as part of the Thames Valley Police representation for the Bowl Central, Caversham Road.

Response to amendments:

8. An active search policy shall be put in place to prevent illegal drugs and weapons being brought on to the premises. The policy shall include, but not be limited to, methods of search, detection, confiscation and disposal and shall be actively operated. The policy shall be in written format and made available upon request to an authorised officer from Reading Borough Council or Thames Valley Police. Notices shall also be put in place informing customers that the management reserve the right to conduct an outer body search and/or bag as a condition of entering the premises.

It is the opinion of Thames Valley Police that all premises should have a policy that addresses the need for public safety and the prevention of crime and disorder. The policy is a document that will insure best practice and good due diligence at the premises.

It is regrettable that young people feel the need to carry bladed articles and or drugs on their person, but this now a common occurrence. The proposed condition does not require the premises management or staff to search all customers but it does enforce upon them the need to be vigilant, reminding them of their responsibilities and right to refuse if the customer is under suspension that would lead to the premises calling for police assistance.

9. Regular checks of high risk areas for drug use (including the toilets) shall be carried out by door staff and premises staff when door staff are not available. A written record of all checks shall be maintained and made available upon request by an authorised officer from Reading Borough Council or Thames Valley Police.

This condition forms part of what Thames Valley Police believe to be a minimum level of service in best practice, maintaining high standards and good due diligence at a premises offering entertainment and alcohol. The area in which the premises is located historically has issues with drug users gaining access to premises facilities and using them for sales and usage.

Door Supervision

The current stance is that we at Thames Valley Police would not be willing to amend or remove the DOOR SUPERVISORS proposed conditions contained within the TVP representation.

The proposed conditions (numbers 3,4,5,6 & 7) have been drafted to help in the promotion of the four licensing objectives. On a Friday & Saturday night the premises will become part of the Reading Night Time Economy, as a preventive tool and responsibility of the premises it cannot become a drain on the emergency services. All premises of a similar business model have a condition for the need of SIA door supervisors.

It is the opinion of Thames Valley Police that the presence & visibility of trained SIA security will not only act as a deterrent for crime and disorder but will also put your customers at ease knowing that security can assist if needed.

Should you need anything further please do not hesitate to contact me.

Kind Regards

Dear Peter

I am grateful for your assistance in discussing this application. As advised, I am familiar with the area and issues and I did contact Sian some time ago to discuss proposals as there was some suggestion that there might have been a Premises Licence already in existence for the premises though it subsequently proved not to be the case. Equally, we did consider your Statement of Policy and did seek confirmation that the proposed premises were outside the Cumulative Impact Area which was confirmed. I appreciate the representations from yourself and TVP may be in a standard format but rest assured we did consider the site, the licensing objectives, s184 Guidance and your licensing Statement of Policy in some detail before applying. Indeed enquiries with Sian Richards date back to January.

I have discussed the representations from yourself and the Police and if I may group them together as they are very similar, and respond copying in the Police hopefully we can agree conditions going forward.

In dealing firstly with the initial information you requested I now comment as follows:

1. It is estimated the proposed capacity of the premises will be around 160
2. It is anticipated that 2 to 3 floor walkers will be engaged at any one time dependent on occupancy levels
3. The applicant has engaged a separate advisor on planning matters and I have been advised that a planning application has been lodged but until that application has been registered (which is, I am told awaited) there is no specific case officer available to comment and discuss planning proposals further. My client is an experienced operator and is aware of all the necessary permissions required in order to proceed and the timescale is such (see next response) as to allow all matters to be resolved in a sensible time period prior to opening.
4. At the present time the proposed opening is estimated at March 2023

Conditions Proposed

As a precursor to my comments below, and as advised, my client and I are aware of issues in the Reading area, and are certainly not unfamiliar with the area. The site is obviously a good prominent site from the main Caversham Road and faces a busy commercial road whilst accepting and respecting the existence of the residential areas to the rear of the site.

Whilst the conditions put forward in the representations by yourself and TVP are worded differently to those put forward in the Operating Schedule we hope you can accept that in the main the aims and objectives are the same, namely to include:

- CCTV provision
- An Incident Log
- A Refusals book
- Staff training
- Quiet dispersal of patrons
- Challenge 25 policy

Accordingly, having reviewed with my client those conditions put forward by yourself and TVP, my client is content to accept the wording you and TVP have requested, if preferred, in respect of:

- CCTV (your proposed conditions 1 & 2)
- Dispersal policy (your proposed conditions 10-13)
- Incident register (your proposed conditions 14 – 15)
- Staff training (your proposed conditions 16 -17)
- Age Verification (your proposed conditions 18-22)
- Refusals book (your proposed condition 23)

My client will also accept your proposed conditions in respect of:

- Pubwatch (your proposed condition 24)
- Town Safe Radio (your proposed condition 25)
- Other initiatives (your proposed condition 29)

Glassware – would you be willing to agree to vary proposed condition 27 to read ‘all beer and lager to be served in containers made from toughened glass’ as my client is struggling to source toughened glassware for champagne/cocktail style drinking vessels.

Search Policy – my client is content to accept proposed condition 9 with regard to regular checking of high risk areas but does not consider that it is appropriate to have proposed condition 8 on any Premises Licence granted. For a family entertainment venue to undertake personal body searches/bag searches of patrons attending the premises would be somewhat surprising to patrons attending and indeed my client feels that this would send the wrong messages about the type of clientele and would be unwelcoming to the type of customers that are attracted to this style of premises. The premises are not a high-volume vertical drinking establishment, they will be run, as the applicant’s other ten-pin bowling centres have always been run, as a relaxed family entertainment venue with clientele that respect this.

Door Supervision

As per my comments above, the premises are proposed to be a family entertainment venue and it is not considered welcoming or appropriate to patrons to signal that there are door staff required when the premises are not some late night club or drinking establishment. My client compares his clientele to those that might attend TGI Fridays (nearly opposite) who are open until midnight with no door supervision requirements.

My client has formally amended the terminal hour on the application to 12 midnight (from 1am) on Fridays and Saturdays and in this connection would prefer not to have a condition relating to door supervision.

However, my client appreciates the concerns in the Reading area and is a responsible and aware operator, and if this cannot be agreed, and whilst the premises get established, he would be prepared to agree a condition along the lines that:

SIA accredited Door Security to be employed on Friday and Saturday evenings from 22:00 until at least half an hour after the end of permitted hours for the sale of alcohol on commencement of trading for the first three months of trading following which a risk assessment will be undertaken to determine whether such door security is required, thereafter three monthly reviews will be conducted subsequently to risk assess the position.

If proposed condition 3 can be amended as above then conditions 4 to 7 can follow with clarification of the below:

- Proposed condition 7(c) - bullet point 'Training Records' – is this meant to refer to training given by the Premises Licence Holder or all training as I am mindful that SIA doorstaff may well be employed via an agency?
- I assume that proposed condition 7 (f) and (g) refer to where (e) applies ie where Body Worn Video applies and therefore I would request that condition 7 (f) and (g) become 7 (e) (i) and (ii) for clarification that they only apply where BWV is deployed.

Whilst we totally accept the necessity to obtain and comply with all necessary planning consents (and my client is in the course of so doing) I would not expect that conditions relating to planning matters be imposed as a licence condition when there is adequate separate legislation to deal with this and I am hopeful that now given my comments and our discussions on the matter your proposed condition 28 can be avoided in this respect.

I hope we can agree the above and look forward to hearing from you further.

I am copying this in to Declan Smyth at TVP in the hope that the above will be acceptable to Thames Valley Police also.

Kind regards
