10. Licensing Objectives and Reading Borough Council's Licensing Policy Statement

In considering representations received the Licensing Authority has a duty to carry out its functions with a view to promoting the four licensing objectives, which are as follows:

- The Prevention of Crime and Disorder
- Public Safety
- The Prevention of Public Nuisance
- The Protection of Children from Harm

Any conditions that are placed on a premises licence should be appropriate and proportionate with a view to promoting the licensing objectives. The Licensing Authority can amend, alter, or refuse an application should it be deemed appropriate for the

promotion of the licensing objectives.

In determining this application, the Licensing Authority must also have regard to the representations received, the Licensing Authority's statement of licensing policy and any relevant section of the statutory guidance to licensing authorities.

11. The Council's Licensing Policy Statement (2023):

1.6 The predominantly urban nature of Reading as a town means that an appropriate balance needs to be struck between the needs of local business and the needs of local residents. This licensing policy seeks to encourage all stakeholders to engage in the licensing process so that the needs of all can be taken into account and issues dealt with in a spirit of partnership and cooperation.

3. Licensing and integration with other legislation

3.1 Many other pieces of legislation impact directly or indirectly on the licensing regime. The Licensing Authority must have regard to the following when it discharges its responsibilities under the Licensing Act 2003 and in relation to the promotion of the four licensing objectives:

Crime and Disorder Act 1998

3.2 This Act requires local authorities and other bodies to consider crime and disorder reduction. Section 17 of the Act states that it shall be the duty of each authority, to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area (including anti social and other behaviour) adversely affecting the local environment. This links specifically with the licensing objective of prevention of crime and disorder and the licensing authority will take into account all reasonable measures that actively promote this licensing objective.

5. Licensing Applications

Grant and Full Variations

5.6 During the 28-day consultation period, the authority will scrutinise the application along with all of the other Responsible Authorities to judge whether it undermines the promotion of the licensing objectives. The application will be made available to any person who requests to see it. As per Section 18 (6) of the Licensing Act 2003, it will consider the likely effect of granting any licence on the promotion of the licensing objectives. The authority will expect all applicants to have taken cognisance of the Secretary of State's Guidance; local strategies and initiatives; this policy and any other known local issues before submitting their application and that these matters are addressed within the operating schedule of the application.

5.7 Whilst many applications will be resolved without the need for a committee hearing, any matters or representations that are not resolved will trigger a hearing before the properly constituted Licensing Applications Committee for determination.

Committee Hearings

5.49 Applications that attract representations (except Minor Variations) will be determined by the Licensing Applications Committee or Sub Committee. The relevant committee meeting will be discussion led and the committee members will listen to the points raised by the applicant and any objector. All parties will be notified of the decision of the committee. All hearings will be held in accordance with the relevant regulations and timescales outlined in the Act.

6. Licensing Conditions

General Approach

6.1 Conditions shall be appropriate and proportionate for the promotion of the licensing objectives and shall be unambiguous and clear in their stated aims. Conditions will also be tailored to the type, location and characteristics of the particular premises and the relevant licensable activities. Any condition imposed by the Authority shall also aim to avoid duplication of other legislation unless there is a requirement to impose such a condition in order to promote the licensing objectives (for example, a capacity limit for public safety reasons). This shall apply to all relevant applications (grant/variation of a premises licence or club premises certificate)

6.2 The operating schedule within an application should contain an assessment from the proposed licence holder of what they believe are appropriate and proportionate measures to enable them to carry out their proposed licensable activities. This assessment should be arrived at by taking cognisance of this policy and the Secretary of State's guidance which outlines the matters that an applicant should take into account such as issues in the locality and why their proposed measures are suitable for their proposed operation.

6.5 Any conditions imposed upon a premises licence or club premises certificate will be tailored to that type of premises and the style of operation. Consideration will also be given to the locality of the premises; issues in the locality; the issues set out in the Guidance and any policy, initiative or other matter the licensing authority wishes to take into account in order to promote the four licensing objectives.

7. Licensing Hours

General Approach

7.2 When an application receives representations, the authority may consider reducing the opening hours and times for licensable activities if it considers it appropriate for the promotion of the licensing objectives

Licensed Premises in Residential Areas

7.6 When dealing with applications and issuing licences, the authority is likely to impose stricter conditions on premises operating in residential areas if it considers it appropriate and proportionate to do so. This will apply to all premises types.

7.8 Premises that wish to provide regulated entertainment may be subject to additional conditions to ensure that residents are not disturbed. This may include the use of sound limiters; keeping doors and windows closed and restricting the hours when music is played.

7.9 Premises with outdoor areas such as beer gardens and smoking areas may also be subject to further restrictions in regard to their operation and use.

7.10 Where any outside area is used for drinking and/or smoking – including the public highway outside of a licensed premises – and complaints of public nuisance or noise are received the authority will consider controls to limit the disturbance.

7.11 Premises that are planning to put on events that involve regulated entertainment may be required to provide the authority with a detailed event management plan of that event which may include a detailed noise risk assessment.

7.12 The licensing authority will seek the input of the Council's Environmental Protection and Nuisance team when looking at measures that may be appropriate for the prevention of public nuisance. This will include taking cognisance of any representations that are submitted as part of the application process or any enforcement action they have taken under their own legislation – such as noise abatement notices.

8. Children in Licensed Premises

8.6 The Authority will expect all licence holders or premises that wish to allow children on to their premises to ensure that access is restricted where appropriate. This would include, ensuring that all children are accompanied and that they do not have access to or sight of alcohol.

10. Administration, Exercise and Delegation of Functions

10.1 The powers of the Licensing Authority under the Licensing Act 2003 may be carried out by the Licensing Committee; by a Sub Committee or by one or more officers acting under delegated authority. The Licensing Committee will consist of between 10-15 members and the committee may establish one or more sub-committees consisting of two or three members.

10.3 A Licensing Sub-Committee shall hear all applications where relevant representations have been received and applications for the review of a premises licence that may have been submitted by Responsible Authorities or any other persons.

12. Amended Guidance issued under section 182 of the Licensing Act 2003 (February 2026)

Licensing Objectives and Aims:

1.2 The legislation provides a clear focus on the promotion of four statutory objectives which must be addressed when licensing functions are undertaken.

1.3 The licensing objectives are:

- The Prevention of Crime and Disorder
- Public Safety
- The Prevention of Public Nuisance
- The Protection of Children from Harm

1.4 Each objective is of equal importance. There are no other statutory licensing objectives, so that the promotion of the four objectives is a paramount consideration at all times.

1.5 However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work. They include:

- protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises.

Each Application on its Own Merits

1.18 When making licensing decisions, all licensing authorities should consider the need to promote growth and deliver economic benefits.

1.19 In coming to a decision on individual licensing applications, licensing committees should have regard to relevant local plans and strategies – such as those relating to town planning, the night-time economy, or business support – provided these considerations are consistent with the licensing objectives and the authority's published licensing policy.

Steps to promote the licensing objectives:

8.41 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.

8.42 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;

- any risk posed to the local area by the applicants' proposed licensable activities; and
- any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.

8.43 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact assessment), applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy.

8.44 It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives, and where there are no known concerns, acknowledge this in their application.

8.45 The majority of information which applicants will require should be available in the licensing policy statement in the area. Other publicly available sources which may be of use to applicants include:

- the Crime Mapping website;
- Neighbourhood Statistics website;
- websites or publications by local responsible authorities;
- websites or publications by local voluntary schemes and initiatives; and
- on-line mapping tools.

8.46 While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be taken into consideration when making an application. Licensing authorities may wish to encourage co-operation between applicants, responsible authorities and, where relevant, local residents and businesses before applications are submitted in order to minimise the scope for disputes to arise.

8.47 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.

8.48 All parties are expected to work together in partnership to ensure that the licensing objectives are promoted collectively. Where there are no disputes, the steps that applicants propose to take to promote the licensing objectives, as set out in the operating schedule, will very often translate directly into conditions that will be attached to premises licences with the minimum of fuss.

8.49 For some premises, it is possible that no measures will be appropriate to promote one or more of the licensing objectives, for example, because they are adequately covered by other existing legislation. It is however important that all operating schedules should be precise and clear about the measures that are proposed to promote each of the licensing objectives.

The role of responsible authorities

9.12 Each responsible authority will be an expert in their respective field, and in some cases, it is likely that a particular responsible authority will be the licensing authority's main source of advice in relation to a particular licensing objective. For example, the police have a key role in managing the night-time economy and should have good working relationships with those operating in their local area⁵. The police should usually therefore be the licensing authority's main source of advice on matters relating to the promotion of the crime and disorder licensing objective. However, any responsible authority under the 2003 Act may make representations with regard to any of the licensing objectives if they have evidence to support such representations. Licensing authorities must therefore consider all relevant representations from responsible authorities carefully, even where the reason for a particular responsible authority's interest or expertise in the promotion of a particular objective may not be immediately apparent. However, it remains incumbent on all responsible authorities to ensure that their representations can withstand the scrutiny to which they would be subject at a hearing.

Hearings

9.38 In determining the application with a view to promoting the licensing objectives in the overall interests of the local community, the licensing authority must give appropriate weight to:

- the steps that are appropriate to promote the licensing objectives;
- the representations (including supporting information) presented by all the parties;
- this Guidance;
- its own statement of licensing policy.

9.39 The licensing authority should give its decision within five working days of the conclusion of the hearing (or immediately in certain specified cases) and provide reasons to support it. This will be important if there is an appeal by any of the parties. Notification of a decision must be accompanied by information on the right of the party to appeal. After considering all the relevant issues, the licensing authority may grant the application subject to such conditions that are consistent with the operating schedule. Any conditions imposed must be appropriate for the promotion of the licensing objectives; there is no power for the licensing authority to attach a condition that is merely aspirational. For example, conditions may not be attached which relate solely to the health of customers rather than their direct physical safety. Any conditions added to the licence must be those imposed at the hearing or those agreed when a hearing has not been necessary.

9.40 Alternatively, the licensing authority may refuse the application on the grounds that this is appropriate for the promotion of the licensing objectives. It may also refuse to specify a designated premises supervisor and/or only allow certain requested licensable activities. In the interests of transparency, the licensing authority should publish hearings procedures in full on its website to ensure that those involved have the most current information.

Determining actions that are appropriate for the promotion of the licensing objectives

9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.

9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

13. The Licensing Act 2003

The Licensing Act 2003 under Section 18 (6) also states that any relevant representation should be considered in the context of:

(a) the likely effect of the grant of the premises licence on the promotion of the licensing objectives.

Therefore, in the context of the grant of a licence, it is reasonable for the Licensing Authority to base its decision on an application on what the likely effects of granting a licence would have on the promotion of the licensing objectives.

14. Relevant Case law for consideration:

(R) on the application of Hope and Glory Public House v Westminster City Council (2011) EWCA Civ31 illustrates that licensed premises, and the activities that take place in those premises, exist in a dynamic environment and should not be looked at entirely in isolation and confirms that this can include the impact that licensable activities have on a range of factors such as crime, the quality of life for residents and visitors to the area, and demand for licensed premises.

East Lindsey District Council v Abu Hanif (t/a Zara's Restaurant) (2016) this underpins the principles widely acknowledged within the Licensing Act 2003 that the licensing objectives are prospective, and that the prevention of crime and disorder requires a prospective consideration of what is warranted in the public interest, having regard to the twin considerations of prevention and deterrence.

Thanks Declan/Anthony

So it appears from this e-mail that we are almost in agreement.

My client will agree to conditions 1, 2, 6, 9, 10, 11, 12, 14, 15 and 17 of your original request. I hope that this now means you can withdraw your representation and the Hearing can be dispensed with.

As I previously stated a quick service restaurant that is as small as this is and will operate a delivery only model after midnight doesn't require a dispersal policy. It is the nature of the premises that people arrive alone or in a small group, order, receive their food and leave the area. There is little that a dispersal policy can actually add to that.

 Nick

Subject: RE: KFC, 207 Shinfield Road

Good morning Nick,

Thank you for your email and for confirming your client's agreement to the proposed conditions relating to the closure of seating areas after midnight, the restriction of the premises to takeaway and delivery operations only between 00:00hrs and 03:00hrs, and the implementation of measures to manage vehicle congregation within the car park.

Whilst these amendments are welcomed, Thames Valley Police remains of the view that a number of the additional conditions previously proposed remain both necessary and proportionate to promote the licensing objectives, notwithstanding the amendment of the operation to takeaway and delivery only after midnight.

The application seeks to extend the provision of late night refreshment until 03:00hrs daily. The operation of a late-night takeaway, particularly one with an associated car park and delivery operation, has the potential to attract customers arriving and departing by vehicle, create congregation points, generate noise nuisance, and give rise to incidents of anti-social behaviour and public disorder. As such, the promotion of the prevention of crime and disorder, public safety, and prevention of public nuisance licensing objectives remains directly relevant to the variation sought.

In particular, we consider the following conditions to be justified:

CCTV Requirements (Conditions 1 and 2)

The extended hours will result in customers, delivery drivers and vehicles attending the premises during the early hours of the morning when opportunities for crime and disorder are generally increased. A comprehensive CCTV system, together with trained staff capable of downloading footage, provides an important evidential tool for both the Police and Licensing Authority and promotes both the prevention of crime and disorder and public safety.

Staff Training (Condition 6)

Staff working during late-night trading hours should be trained in conflict management, safeguarding vulnerable persons and understanding the licensing objectives. Such training assists staff in recognising and appropriately responding to incidents that may arise during the operation of the premises after midnight.

Incident Register (Condition 9)

The maintenance of an incident register is a common and proportionate condition for late-night premises. It allows trends relating to crime, disorder, complaints and other licensing matters to be identified and managed proactively, assisting responsible authorities in monitoring compliance and addressing issues before they escalate.

Noise Management Conditions (Conditions 10 and 11)

Although customers will not be permitted to remain seated after midnight, patrons attending the premises to collect orders, waiting for transport, congregating outside, or arriving by vehicle may still cause disturbance to nearby residents. Conditions relating to noise control and customer signage are therefore directly relevant to the prevention of public nuisance objective.

Complaint Contact (Condition 12)

Having a designated contact available during operating hours allows concerns from residents and businesses to be addressed promptly and assists in preventing minor issues from escalating into more significant nuisance complaints.

Dispersal Policy (Condition 16)

The proposed takeaway operation will continue to attract customers throughout the extended hours sought. An active dispersal policy is a recognised control measure that assists in ensuring customers leave the area in an orderly manner and minimises the risk of noise disturbance, anti-social behaviour and congregation in the immediate vicinity of the premises.

Furthermore, the proposed conditions are consistent with Reading Borough Council's Statement of Licensing Policy, which requires applicants to demonstrate how they will actively promote the four licensing objectives and manage the risks associated with late-night operations. The Policy recognises that premises operating into the early hours of the morning can present an increased risk of crime and disorder, public nuisance, anti-social behaviour and safeguarding concerns. It also encourages the use of appropriate control measures, including CCTV, staff training, incident recording, dispersal arrangements and effective management practices where necessary and proportionate to mitigate those risks. In this case, given the nature of the variation sought and the operating hours proposed until 03:00hrs daily, we consider these measures to represent reasonable and proportionate safeguards that support the licensing objectives.

Whilst we acknowledge the provisions of the Section 182 Guidance, it is our position that the proposed conditions relate directly to the licensable activity for which additional hours are being sought and are appropriate, proportionate and necessary to mitigate the risks associated with late-night refreshment operating until 03:00hrs. The conditions are also consistent with the expectations and policy considerations contained within Reading Borough Council's Statement of Licensing Policy regarding the operation of late-night premises and the promotion of the four licensing objectives

In light of the risks associated with the operation of the premises during the extended late-night refreshment hours sought, Thames Valley Police maintains that all of the proposed conditions are appropriate, proportionate and necessary for the promotion of the licensing objectives. Accordingly, Thames Valley Police requests that all of the conditions set out in its original proposed conditions schedule are attached to any premises licence granted in respect of this variation application.

I would therefore be grateful if you could take further instructions from your client regarding the attachment of all of the proposed conditions.

Kind regards,
Declan

Good afternoon

I am picking up this file for my colleague Angie who is on annual leave until the end of next week.

We have taken instructions from our client and can confirm that they agree.

We are prepared to amend the application to include the following conditions:

1. The premises licence holder shall ensure that all customer seating areas are closed to the public at 00:00 hours and rendered unusable. From that time the provision of late night refreshment will be strictly as a takeaway and delivery service only.
2. The Premises Licence Holder shall ensure that measures are put in place to effectively limit the size of the car park through the use of barriers and bollards that prevents groups of vehicles congregating in the car park adjacent to the premises. These measures will be utilised from the hours of 00:00hrs until 03:00hrs Monday to Sunday inclusive.
3. Delivery bikes, or any other vehicles used for the delivery of customer orders, shall be used, stored, and parked in a way that does not cause undue disturbance to members of public, neighbouring residents or businesses.

Under the s182 guidance representations should related to the nature of the variation alone. If the application is amended to be takeaway and delivery only we are of the view that the remainder of the condition you proposed no longer relate to the variation and would be unnecessary.

If there any of the other conditions which you originally requested that you can provide a rationale/evidence for their necessity for late-night refreshment from midnight to 3am I can take further instructions.

Many thanks
Nick

Content of Application:							
The application was submitted by Poppleston Allen Licensing Solicitors (agent), on behalf the applicant, KZ Catering Limited. The application seeks the variation of a premises licence pursuant to the Licensing Act 2003 for the provision of late night refreshment. The proposed licensable activity and opening hours are: Monday to Sunday from 2300hrs to 0300hrs The premises is located on Shinfield Road, Reading. It currently operates under a Late Night Refreshment licence from Friday to Sunday between 2300 and 0000. This application is being submitted to extend the authorised hours for late night refreshment.							
Licensing Officer's Comments:							
The approach of the Licensing Team:							
The Responsible Authorities named in the Licensing Act 2003 have to ensure that the licensing objectives are all actively promoted to prevent crime and disorder, prevent public nuisance, to protect children from harm and to ensure public safety. All four licensing objectives are of equal importance. Section 18 (6) of the Licensing Act 2003 makes clear that representations should be about the <u>likely effect</u> of granting a licence on the promotion of the licensing objectives. The case law of East Lindsey DC v Abu Hanif also clearly outlines that the licensing objectives require a prospective consideration of what is warranted in the public interest having regard to the twin interests of <u>prevention and deterrence</u>. In other words, responsible authorities do not have							

to wait for the licensing objectives to be undermined before considering taking action to prevent and deter that action from occurring in the first place.

The Licensing team wish to make representation in relation to the above application to vary the premises licence for KFC Express, 207 Shinfield Road, Reading, RG2 8HA. Reading Borough Council believes that the application, in its current form, has the potential to undermine the licensing objectives, namely:

- Prevention of Crime and Disorder
- Prevention of Public Nuisance
- Public Safety
- Protection of Children from Harm

according to Section 4 of the Licensing Act 2003 and the principles contained within the Secretary of State's Guidance issued under Section 182 of the Act. Whilst Reading Borough Council does not object in principle to the extension of Late Night Refreshment hours, significant concerns arise from both the extent of the extension sought and the complete absence of any additional control measures within the operating schedule to mitigate the identified risks.

Failure to Address Licensing Objectives

The applicant seeks an additional three hours of operation every day of the week, extending trading until 03:00 hours, but has expressly stated that no further measures are considered necessary to promote the licensing objectives. Paragraph 8.44 of the Secretary of State's Guidance encourages applicants to engage with Responsible Authorities prior to submitting applications in order to identify local issues and suitable mitigations. Reading Borough Council can confirm that no such engagement was undertaken prior to submission of this application. The result is an operating schedule which fails to demonstrate any meaningful assessment of the risks associated with operating until 0300 hours.

Furthermore, Paragraph 5.19 of the Reading Borough Council Licensing Policy 2023-2028 states that applicants are expected to take cognisance of the Secretary of State's Guidance, local strategies, initiatives and known local issues before submitting an application and to address such matters within the operating schedule. The applicant has failed to do so.

Reading Borough Council Policy Considerations

The Council's Statement of Licensing Policy specifically identifies late night refreshment premises as a potential contributor to crime, disorder and anti-social behaviour.

Paragraph 6.19 states:

"Late night food outlets are a major contributor to crime and disorder and anti social behaviour within Reading."

Paragraph 6.20 further states that applicants seeking to provide late night refreshment are expected to include appropriate and proportionate measures within the operating schedule to actively promote the licensing objectives.

The applicant has not proposed:

- CCTV enhancements
- Door supervision
- Incident recording procedures
- Dispersal arrangements
- External area management
- Staff training provisions
- Vulnerability policies
- Crime prevention measures

Despite seeking operation until 0300 hours every day of the week.

Paragraph 6.21 of the Council's Policy expressly states that applicants operating late night refreshment premises will be expected to include measures relating to CCTV, staff training and door supervisors. None of these have been proposed within the application.

Crime and Disorder Concerns

The proposed terminal hour of 0300 hours places the premises firmly within the late-night economy.

Late-night takeaway premises regularly attract persons dispersing from licensed premises and can become focal points for:

- Intoxicated patrons
- Disorder
- Anti-social behaviour
- Verbal altercations
- Vulnerable individuals
- Public nuisance issues
-

The Council's Licensing Policy recognises that operators wishing to trade after 2300 hours must demonstrate suitable policies and procedures which mitigate these risks. Paragraph 7.16 makes it clear that where appropriate controls are not demonstrated, the Authority may reduce the hours sought or remove late night refreshment permissions entirely.

The application currently provides no evidence as to how crime and disorder risks associated with operation until 0300 hours would be managed.

Public Nuisance Concerns

The premises is located within a mixed-use area where nearby residents may be affected by customers arriving, waiting, congregating and leaving during the early hours of the morning.

Paragraphs 6.22 and 7.6-7.10 of the Council's Licensing Policy recognise that late-night takeaways can generate nuisance through:

- Customer congregation
- Noise from patrons
- Delivery activity
- Vehicle movements
- Littering
- Disturbance during dispersal

The applicant has provided no dispersal policy, no external management strategy and no assessment of how nuisance will be prevented after midnight.

Public Safety and Vulnerability

The Council's Licensing Policy places significant emphasis on vulnerability, public safety and the management of the late-night economy. Paragraph 2.24 specifically highlights:

- Vulnerability within the night-time economy
- Welfare And Vulnerability Engagement training
- Protection of vulnerable people
- Partnership work to improve late-night safety

The application proposes no measures to identify or support vulnerable individuals attending the premises during the early hours of the morning.

Summary

For the reasons outlined above, Reading Borough Council submits that the application in its current form fails to satisfactorily address the licensing objectives and does not comply with the expectations set out within the Reading Borough Council Licensing Policy 2023-2028.

Licensing therefore requests that the Licensing Sub-Committee either:

- Refuse the variation as applied for; or
- Grant the variation only with a comprehensive package of conditions considered appropriate and proportionate to mitigate the risks arising from the proposed operation until 0300 hours.

Case Law

Hope & Glory Public House Ltd v Westminster Magistrates Court [2011] EWCA Civ 31

The Court of Appeal confirmed that licensing authorities are entitled to exercise their expertise when considering what measures are necessary to promote the licensing objectives and that significant weight should be attached to properly reasoned decisions.

R (on application of Daniel Thwaites plc) v Wirral Magistrates' Court and Others (2008) EWHC 838 (Admin) This case, referred to as 'the Thwaites case', is important because it emphasises the important role that Responsible Authorities have in providing information to decision makers to contextualise the issue before them. The case recognises that Responsible Authorities are experts in their fields, and that weight should be attached to their representations.

Objection

To whom it may concern

I, C2107 Declan Smyth, on behalf of the Chief Officer of Thames Valley Police, submit this representation in relation to the application to vary the premises licence for KFC Express, 207 Shinfield Road, Reading, RG2 8HA. Thames Valley Police believes that the application, in its current form, has the potential to undermine the licensing objectives, namely:

- Prevention of Crime and Disorder
- Prevention of Public Nuisance
- Public Safety
- Protection of Children from Harm

according to Section 4 of the Licensing Act 2003 and the principles contained within the Secretary of State's Guidance issued under Section 182 of the Act.

Whilst Thames Valley Police does not object in principle to the extension of Late Night Refreshment hours, significant concerns arise from both the extent of the extension sought and the complete absence of any additional control measures within the operating schedule to mitigate the identified risks.

Application

Application by **KZ Catering Limited** to vary the premises licence to permit:

- Late Night Refreshment: Monday to Sunday 23:00 to 03:00
- Opening Hours: Monday to Sunday 11:00 to 03:00

The applicant has stated within the operating schedule that:

"Bearing in mind the nature of this variation and those conditions already listed on the Premises Licence, nothing further is required."

Failure to Address Licensing Objectives

The applicant seeks an additional four hours of operation every day of the week, extending trading until 03:00 hours, but has expressly stated that no further measures are considered necessary to promote the licensing objectives.

Paragraph 8.44 of the Secretary of State's Guidance encourages applicants to engage with Responsible Authorities prior to submitting applications in order to identify local issues and suitable mitigations. Thames Valley Police can confirm that no such engagement was undertaken prior to submission of this application. The result is an operating schedule which fails to demonstrate any meaningful assessment of the risks associated with operating until 03:00 hours.

Furthermore, Paragraph 5.19 of the RBC Licensing Policy 2023-2028 states that applicants are expected to take cognisance of the Secretary of State's Guidance, local strategies, initiatives and known local issues before submitting an application and to address such matters within the operating schedule. The applicant has failed to do so.

Reading Borough Council Policy Considerations

The Council's Statement of Licensing Policy specifically identifies late night refreshment premises as a potential contributor to crime, disorder and anti-social behaviour.

Paragraph 6.19 states:

"Late night food outlets are a major contributor to crime and disorder and anti-social behaviour within Reading."

Paragraph 6.20 further states that applicants seeking to provide late night refreshment are expected to include appropriate and proportionate measures within the operating schedule to actively promote the licensing objectives.

The applicant has not proposed:

- CCTV enhancements
- Door supervision
- Incident recording procedures
- Dispersal arrangements
- External area management
- Staff training provisions
- Vulnerability policies
- Crime prevention measures

despite seeking operation until 03:00 hours every day of the week.

Paragraph 6.21 of the Council's Policy expressly states that applicants operating late night refreshment premises will be expected to include measures relating to CCTV, staff training and door supervisors. None of these have been proposed within the application.

Crime and Disorder Concerns

The proposed terminal hour of 03:00 hours places the premises firmly within the late-night economy.

Late-night takeaway premises regularly attract persons dispersing from licensed premises and can become focal points for:

- Intoxicated patrons
- Disorder
- Anti-social behaviour
- Verbal altercations
- Vulnerable individuals
- Public nuisance issues

The Council's Licensing Policy recognises that operators wishing to trade after 23:00 hours must demonstrate suitable policies and procedures which mitigate these risks. Paragraph 7.16 makes it clear that where appropriate controls are not demonstrated, the Authority may reduce the hours sought or remove late night refreshment permissions entirely.

The application currently provides no evidence as to how crime and disorder risks associated with operation until 03:00 hours would be managed.

Public Nuisance Concerns

The premises is located within a mixed-use area where nearby residents may be affected by customers arriving, waiting, congregating and leaving during the early hours of the morning.

Paragraphs 6.22 and 7.6-7.10 of the Council's Licensing Policy recognise that late-night takeaways can generate nuisance through:

- Customer congregation
- Noise from patrons
- Delivery activity
- Vehicle movements
- Littering
- Disturbance during dispersal

The applicant has provided no dispersal policy, no external management strategy and no assessment of how nuisance will be prevented after midnight.

Public Safety and Vulnerability

The Council's Licensing Policy places significant emphasis on vulnerability, public safety and the management of the late-night economy.

Paragraph 2.24 specifically highlights:

- Vulnerability within the night-time economy
- WAVE training
- Protection of vulnerable people
- Partnership work to improve late-night safety

The application proposes no measures to identify or support vulnerable individuals attending the premises during the early hours of the morning.

Relevant Legal Authorities

Hope & Glory Public House Ltd v Westminster Magistrates Court [2011] EWCA Civ 31

The Court of Appeal confirmed that licensing authorities are entitled to exercise their expertise when considering what measures are necessary to promote the licensing objectives and that significant weight should be attached to properly reasoned decisions.

Daniel Thwaites plc v Wirral Magistrates Court [2008] EWHC 838 (Admin)

The Court held that conditions imposed upon licences should be evidence-based, necessary and proportionate to the promotion of the licensing objectives. The conditions proposed by Thames Valley Police are targeted specifically at the risks arising from trading until 03:00 hours.

East Lindsey District Council v Abu Hanif [2016] EWHC 1265 (Admin)

The High Court confirmed that licensing decisions are preventative in nature and authorities are not required to wait until problems occur before imposing controls. The promotion of the licensing objectives requires forward-looking consideration of risk and deterrence.

Position of Thames Valley Police

Thames Valley Police does not believe that the application as submitted adequately demonstrates how the licensing objectives will be promoted.

The application seeks substantial extensions to operating hours whilst simultaneously proposing no additional controls whatsoever. This approach is contrary to the expectations contained within the Council's Licensing Policy and

fails to adequately address the foreseeable risks associated with operating a late-night refreshment venue until 03:00 hours.

Accordingly, Thames Valley Police requests that, should the Licensing Sub-Committee be minded to grant the variation, the licence be granted only subject to a robust suite of additional conditions including:

- Comprehensive CCTV coverage.
- Incident and refusals registers.
- Staff training records.
- WAVE and vulnerability training.
- Written dispersal policy.
- External area management plan.
- SIA registered door supervisors on identified high-risk periods and at other times as determined by written risk assessment.
- Regular management reviews of incidents.
- Clear signage regarding customer behaviour and dispersal.

Conclusion

For the reasons outlined above, Thames Valley Police submits that the application in its current form fails to satisfactorily address the licensing objectives and does not comply with the expectations set out within the RBC Licensing Policy 2023-2028.

Thames Valley Police therefore requests that the Licensing Sub-Committee either:

- Refuse the variation as applied for; or
- Grant the variation only with a comprehensive package of conditions considered appropriate and proportionate to mitigate the risks arising from the proposed operation until 03:00 hours.

 Subject: RE: PR202608-1284656 CONSULT Variation of Hours - KFC

Hello team, please see my feedback below:

- **Application reference number:** PR202608-1284656
- **Licensing Objective(s) Considered Relevant**
 1. The Prevention of Crime and Disorder: **Not applicable**, as no alcohol is proposed to be sold from the premises.
 2. Public Safety: **Applicable**. Further information is required regarding the measures the employer/business will implement to safeguard the health, safety, and wellbeing of staff who may be required to work extended hours and travel home late at night.
 3. The Prevention of Public Nuisance: **Applicable**. Clarification is needed on the measures the employer/business will put in place to minimise the potential impact of extended opening hours, including noise, odours, litter, light pollution, anti-social behaviour, and disturbances affecting nearby residents and businesses.
 4. The Protection of Children from Harm: Not applicable.
- **Local Evidence or Data Relied Upon**
 - [Berkshire Observatory, Church Ward](#).
- **Specific Concerns Arising from the Application**
 - Extended opening hours may support economic growth and benefit the local economy.
 - However, the application does not provide sufficient assurance regarding:
 - The measures that will be taken to protect the safety and wellbeing of staff working extended hours; and
 - The potential impact of later operating hours on nearby residents and the surrounding community.
- **Proposed Measures and Recommendations**
 - Introduce regular rest breaks for staff working extended hours and consider subsidised taxi travel or other safe transport arrangements for employees returning home late at night.
 - Implement appropriate mitigation measures to minimise noise, odours, litter, and other disturbances associated with extended opening hours, particularly given the premises' location within a suburban residential community.
