Executive Head Teacher
Mrs Nicola Browne

Dear Local Residents,

Re: School Streets Closure Order

As a school we are in the process of applying for a School Streets closure on the entrance to Downing Road at drop off and pick up times to school and would like to consult you on this application. Despite our best efforts the traffic from parents at these times is proving an increasing risk to the safety of our children.

This closure Order is subject to approval from Reading Borough Council.

The closures would only take place during term times at the following times:

Day	AM School Street Time	PM School Street Time
Monday	8.30am-8.55am	3.15pm- 3.40pm
Tuesday	8.30am-8.55am	3.15pm- 3.40pm
Wednesday	8.30am-8.55am	3.15pm- 3.40pm
Thursday	8.30am-8.55am	3.15pm- 3.40pm
Friday	8.30am-8.55am	3.15pm- 3.40pm

The road would be fully closed to entering traffic and points of closure would be marshalled. **Residents will of course be allowed full access**, but are requested to drive at walking speed when within the closure area. It is not necessary to move parked vehicles from the street. School Streets will be under adult supervision and access will be maintained for emergency services at all times in all parts of the street. We will also need to consult with the British Legion on any events taking place that will mean a heavier flow of traffic at the proposed times.

Please direct any comments, queries or objections regarding this proposal Ms Brown on headjun@parklane.reading.sch.uk in the first instance. If she cannot resolve your concern, we will refer it to Reading Borough Council's School Streets scheme.

Thank you and I look forward to working together to make our street safer,

Mrs Nicola Browne and Ms Sarah Tapliss
Headteacher Chair Of Governors

Response Form - Please return this form to the school office or email responses to Ms Rebecca Brown on headjun@parklane.reading.sch.uk

I support/do not support (please delete as appropriate) the introduction of a school street scheme.

Signed

3.0 School Street Residents Consultation Response Summary

Name of school: Park Lane Primary School- Junior Site

Name of street(s): Downing Road/Lambourne Close

Name	House number/ business	Support / Do Not Support	Summary of Comments
K Hawkins	6 Downing Road	Support	N/A
Dr Natalie Evans	6 Lambourne	Support	<p>My husband and I would support the decision for the proposed road closure during the times outlined. We have noticed significant delays leaving and returning to our property due to parents collecting and dropping off children. It also seems very unsafe for the children.</p> <p>We have a couple of queries: How will the road be closed e.g. Barrier or warden? We would ideally prefer the latter. Will access be granted to visitors or deliveries to our property?</p>
Miss E Smee	8 Downing Road	Support	<p>Support if residents have access. As long as residents have access, (I will be driving out of the road between 8:30 - 8:55 to get to work) I am happy for this to go along.</p>
James Endean	35 Downing Road	Support	<p>Full Support I fully support proposals as it will make the Road safer for pupils and parents during drop off and collection.</p>
Hannah Szwarc and Kallum King	7 Downing Road	Support	<p>Full support. Hooray yes will support this definitely this road is an absolute nightmare as you can only get one car at a time down the road and when you get 2 cars in opposite directions one has to reverse all the way up/down the road you also have parents/drivers doing 3 point turns at the top and by the school car park</p> <p>With the covid 19 situation you also have parents queuing on both sides of Downing Road so this makes it even more difficult for any pedestrian to walk anywhere up and down the paths and you can't avoid people at any cost and you would take your life in your hands if you walk on the</p>

Name	House number/ business	Support / Do Not Support	Summary of Comments
			<p>road. If Downing Road was closed this would be so helpful and safe for the children who have to get to school alone and reassuring for their parents not only for Park Lane children but other children from nearby school</p> <p>I have 2 children that walk to and from Denefield school everyday and they get home when Park lane kick out which is a worry for me as I'm collecting my 6 year old daughter from The Laurels (Park Lane) at this time and if the road was closed I know that they would be so much safer as many parents would than use the car parks which is a throw stone away</p>
Lewis and Kate Evans	37 Lambourne	Support	Agree as long as residents have access.
Mrs C Weafer	15 Downing Road	Support	N/A
Hazel Bushnell & Adam Silverson	2 Downing Road	Support	<p>Agree as long as residents have access. We support the introduction of a school street scheme at the entrance to Downing Road provided that residents, their visitors and deliveries will still have full access.</p> <p>I don't know if you have contacted the residents of Lambourne Close but they will need to be consulted too as they will also still need access.</p>
James, Emily, Dylan, Beau and Laurie Lloyd	27 Downing Road,	Support	<p>We very much support the introduction of the scheme and other measures that make the street safer and less polluted. We would also like to thank you for consulting residents to inform this consent.</p> <p>Just a could couple of comments and questions we would like to offer to be considered.</p> <ol style="list-style-type: none"> 1. What alternative provision is being provided for parents for example using the car park of the Prince pub 2. With increase in people walking would a better crossing be put in on park

Name	House number/ business	Support / Do Not Support	Summary of Comments
			<p>lane link a pelican or zebra.</p> <p>3. Would the council consider putting in a 20mph speed limit through the Centre of Tilehurst to recognize the school and make it still safe to walk and cycle to school.</p> <p>4. Need to make sure the British legion is also included in the closure order and not exempt as there traffic also often dangerously drives at speed down the street.</p> <p>5. Have you considered the unintended consequence of people arriving before and after this time. There is already a lot of people sitting there with engine running and waiting. Causing not only increased congestion but pollution as well. Would you consider extending this order to 8.15 to 9.10?</p>
J Hennell	21 Downing Road	Support	<p>Very Good - a long awaited idea to put together.</p> <p>Will this include British Legion club ? that seem to “empty out “ at school run time and use resident spaces at all times.</p>
Michele Drisse	22 Downing Road	Support	<p>Firstly, I'd like to assure you <u>I am in favour of your application</u> - this Victorian terraced street is not designed for the volume of traffic at these times and the speed of traffic and frequency in which drivers use the turning circle as a car park is unacceptable.</p> <p>Might I enquire as to where your staff and visitors park their vehicles? Parking is at a premium in this street and there is rarely a spare space. I trust, unless they are residents themselves, they do not park in Downing Road.</p> <p>A couple of points I'd like to clarify:</p> <p>1) The road would be fully closed to entering traffic</p> <p>a) Delivery/tradesmen start times are often non-negotiable - how will you approach these events?</p>

Name	House number/ business	Support / Do Not Support	Summary of Comments
			<p>b) My elderly mother has dementia and lives with me; carers, friends and family sometimes come and go throughout the day for her safety, and some of my elderly neighbours utilise taxi transport - how will you approach these events?</p> <p>2) Residents will of course be allowed full access</p> <p>a) Please confirm you refer to entry and exit of the road without discrimination b) I AM NOT IN FAVOUR OF A PARKING PERMIT ZONE (I refer you to point 1b). How will your marshalls confirm residency? Have you considered the delay in the traffic at a potentially busy junction and the health and safety risk to the marshalls?</p> <p>I await your response but wish you well with your application.</p>
