The Primary Care Appeals Committee has determined that this application should be considered against the 2015 PNA and has directed NHS England to carry out a further notification under paragraph 19 of Schedule 2 of the Regulations. This will enable parties to make comments on the application in light of the determination of the Committee that the application is to be assessed against the 2015 PNA.

If you wish to make written representations on this application they should be sent to me at the above address within 45 days of the date of this letter i.e. by 2nd December 2018. You should note that any comments submitted will be shared with other interested parties and the applicant, and may be shared under the Freedom of Information Act as requested.

If you would like a copy of the 2015 PNA please contact:
england.tvatpharmacy@nhs.net

We will consider all representations that are received and will arrange an oral hearing to determine the application if we identify a matter on which we wish to hear further evidence.
