Vaccinations by MSOA

NHS England - weekly announced vaccinations 24 June 2021

STEP 3

No earlier than 17 May

At least 5 weeks after Step 2

EDUCATION

- As previous step

SOCIAL CONTACT

- Maximum 30 people outdoors
- Rule of 6 or two households indoors (subject to review)

BUSINESS & ACTIVITIES

- Indoor hospitality
- Indoor entertainment and attractions
- Organised indoor sport (adult)
- Remaining accommodation
- Remaining outdoor entertainment (including performances)

TRAVEL

- Domestic overnight stays
- International travel (subject to review)

EVENTS

- Most significant life events (30)
- Indoor events: 1,000 or 50%
- Outdoor seated events: 10,000 or 25%
- Outdoor other events: 4,000 or 50%

STEP 4

No earlier than 21 June

At least 5 weeks after Step 3

All subject to review

EDUCATION

- As previous step

SOCIAL CONTACT

- No legal limit

BUSINESS & ACTIVITIES

- Remaining businesses, including nightclubs

TRAVEL

- Domestic overnight stays
- International travel

EVENTS

- No legal limit on life events
- Larger events

Recent Covid-19 Outbreaks - Environmental Health Katie Heath

CV19 - EH Role

Roadmap out of lockdown

- Complaints
 - Member of the public
 - Referral from businesses
 - PHE/HPT notifications of positive cases
- Proactive Interventions and advice
 - HRS focus - aligned with lifting of restrictions and premises of high interest, e.g. supermarkets in January 21.
 - EH and Licensing staff undertaking proactive visits to high priority premises.
 - Physical presence in Reading Town Centre at each restriction change
 - Local industry support through Pub Watch and local partnerships
 - Written business advice provided
 - Local media
 - Partnership working - HSE, BID, Joint visits
 - Duty Rota - 7 day/week monitoring

CV19 - EH Role

- Events
 - Multi department review
 - SAG Meetings
 - Challenge - Can the event proceed if SD restrictions remain?
- Reading FC
 - Working in close conjunction with staff to ensure safe return of spectators
 - Review of procedures
 - Advice
 - SAG Meetings - key agencies incl. Public Health
 - Amended capacity of Safety Certificate
 - Match Inspection

CV19 - EH Role

What action can we take?

- Triage
 - HPT Action
 - Previous interventions including visits and business advice given
 - Complaints received
 - Employee cases
 - Number of cases and Epi curve, frequency of cases
- Covid Secure?
- Recommendations
 - Encourage uptake of vaccination
 - Encourage update of LFD's
- Prioritising resources

Premises 1

- National chain / Hospitality
- Primary Authority Partnership and extensive business advice available
- Notification - several positive cases occurred across several days in two weeks prior to notification to RBC.
- **Actions**
 - HPT contacted business and discussed contact tracing, isolation, cleaning. No concerns identified;
 - Previous interventions by RBC. Premises compliant with no ongoing concerns.
 - Isolation periods passed by time notification received by RBC
 - Premises contacted remotely by RBC to verify Covid secure practices in place.
 - NFA

Premises 2

- Local independent community Centre
- Notification (PM)- Named premises linked to several cases.
- HPT assessed and had concerns about contact tracing.
- **Actions**
 - Same day contact with premises remotely to obtain details of known cases. Request for all attendee information over period of concern;
 - Potential non-compliance with requirement to obtain customer contact details.
 - Covid secure inspection carried out next working day
 - Improvements required. Business advice provided
 - Follow up correspondence.
 - Update to HPT provided

CV19 - EH Role

- **Compliant Premises**
 - Monitoring of complaints
- **Non-Compliant Premises**
 - Escalated enforcement
 - Covid Inspection conducted
 - Business advice provided
 - Revisit
 - Formal written warning
 - Notices - CIN, CRN, CIRN, IN
 - (HSWA), FPN, Directions

CV19 - EH Role

Challenges

- Permitted socialising. General population is increasing social activity including visits to premises.
- Increase in number of cases and premises triggers.
- Lag time for cases reporting positive results
- Public/Individual expectation and general portrayal of compliance
- Advising on business restrictions ahead of restriction changes - no additional information available.
- Verifying and securing information from anonymous complainants
- Limited Resourcing
- Cultural challenges = a non-compliant business community, will not instigate compliance without enforcement action = very resource intensive.
- Historically H&S has had a low profile many businesses are hearing risk assessment for the 1st time
- Staff self-isolation

Additional “Surge” Testing & Vaccinations

Mike Graham and Niki Barton

Background:

Epidemiology and Situation

- Decision was taken on 1st June to proceed with surge testing. This was because of rising case numbers of the Delta variant (n=68)
- We could also see rising rates in our younger population (aged 17-25) and high rates in some ethnic minority groups in town
- Approx two thirds of non-travel cases were within 4 post code sectors of Reading, so although not accounting for all cases of Delta variant surge testing was focused on these 4 areas

Reading Additional or “Surge” Testing

- About 30,000 people
- Everyone over 12 years – living, working or studying in parts of RG1:
 - RG1 3**
 - RG1 5**
 - RG1 6**
 - RG1 7**
- Monday 7 June to Sunday 20 June

These four areas in RG1

Sites in Reading & Wokingham

Site	Address	Time	Service
Reading Town Hall	Blagrove St, Reading RG1 1QH	Mon-Friday: 07:00–20:00 Saturday: 12:00–20:00 (closed Sundays)	Walk-up
Prospect Park	Liebenrood Road, Reading RG30 2ND	14.00-20.00	Walk-up
Reading University	London Road, Crown Place, Reading RG1 5AQ	14.00-20.00	Walk-up
Reading University Car Park 7	Reading University, RG6 6DR	12:00-18:00	Drive or walk-up
Thames Valley Park & Ride	Earley, RG6 1PQ	07:30- 13:30 and 14:30- 20:30	Drive or walk-up
Wokingham Borough Council	Shute End, RG40 1BN	12:00-18:00	Drive or walk-up
Cantley Park Event Field	Twyford Road, Wokingham, RG40 5TU	12:00-18:00	Drive or walk-up
Headley Road Car park	6 Headley Road, Reading, RG5 4JA	12:00-18:00	Drive or walk-up
Microsoft Campus	Thames Valley Business Park, Reading, Berkshire, RG6 1WG	08.00-20.00 (closed Sundays)	Drive or walk-up
Sindlesham Court	Sindlesham, Wokingham, Berkshire, RG41 5EA	08.00-20.00 (closed Sundays)	Drive or walk-up

Testing Strategy

- **Residents** - wide communications & targeted groups
- **Businesses** - targeted approach with visits to premises, delivery and collection of kits
- **Schools** - direct delivery and collection
- **Hospital** - direct delivery and collection

Comms - strategic approach

1. Amplify national messages by sharing resources from NHS, PHE, Govt etc
2. Respond to emerging issues e.g. delay to lock restrictions, spread of Delta variant.
3. Focus on local issues e.g. surge testing/vaccination, language etc.

Current focus: testing and vaccination

Audiences - same people, different identities

- Residents, businesses,
- Younger people, older people
- Language, ethnic and cultural background
- Students, parents, employees

Key issues / messages

- Extra test programme
- Extra vaccination programme
- Unlocking / restrictions / delays
- In among lots of 'BAU' messages

Channels

- Local media
- Social media & website
- Email and mail
- Physical – signs, vans, buses
- Relationships, partners

Extra testing programme - mail and email

Mon 7 June 2021:

Your regular update from Reading Borough Council on our response to the COVID-19 pandemic and how you can help

Reading
Borough Council
Working better with you

A message from Reading Borough Council leader Jason Brock

We are running a programme of extra COVID-19 testing from today. We're asking everyone over the age of 12 who lives, works or studies in these postcode areas to take an extra test between Monday 7 June and Sunday 20 June:

- RG1 3**
- RG1 5**
- RG1 6**
- RG1 7**

A Crowdfunder has been set up for a permanent memorial - a place for remembrance & reflection. Contribute to #ReadingTogether fund here rdguk.info/Memorial_Pb7v2

What next - preparing for July 19th

In line with strategy...

1. Amplify national messages: e.g. new rules AND best practice / health advice; NHS 'we're open' messages.
2. Emerging issues e.g. changes to testing and vaccine programmes, travel destinations.
3. Local issues: e.g. hotspots, areas of low vaccine take up, Reading festival.

Local Outbreak Control Plan Development David Munday

Variants of Concern

Figure 6. Variant prevalence from 1 February 2021 as of 21 June 2021 by region for all sequenced cases in England (excluding 282 cases where the region or specimen date were unknown). (Find accessible data used in this graph in [underlying data](#)).

Returning travellers

- Traffic light system of some kind likely to be with us beyond 19th July
- Understanding where people are isolating because of recent travel
 - Support to isolate when needed
 - Surveillance for early VOC identification
- Potential to be targeted based on vaccine status

Targeted lateral flow testing

- Focus on specific groups disproportionately impacted and underserved such as;
 - Black, Asian and minority ethnic groups
 - Pregnant people or those who have recently given birth
 - People with disabilities or impairments
 - Gypsy, Roma, Traveller Communities
 - Survivors of domestic violence/abuse
 - Low-income households
 - People experiencing homelessness and rough sleepers
- Community collect remains most popular locally (pharmacy and postal will continue)
- Town hall back online for supervised lateral flow testing
- Reviewing fixed site supervised testing versus more mobile option to support targeted work
- Schools and University testing in September- guidance awaited but supplies being sent

Long COVID

- Remains poorly understood-
 - Symptoms can include; fatigue, breathing difficulty, joint pain, chest pain
 - No agreed diagnostic criteria
 - Not systematically recorded/ coded
 - Population susceptibility not well understood
 - Treatment and management will evolve
- 1 in 9-10 people self report reduction in ability for day to day activity 12 weeks after infection
- As high as 1 in 2 if hospitalised

Date of Next Meeting

Friday 3rd September 2021
