9. Powers of the Authority in determining an application for the grant of a premises licence

The Licensing authority, when determining an application for the grant of a premises licence may:

- Grant the application as applied for
- Grant the application with modifications
- Refuse the application

10. Licensing Objectives and Reading Borough Council's Licensing Policy Statement

In considering representations received the Licensing Authority has a duty to carry out its functions with a view to promoting the four licensing objectives, which are as follows:

- The Prevention of Crime and Disorder
- Public Safety
- The Prevention of Public Nuisance
- The Protection of Children from Harm

Any conditions that are placed on a premises licence should be appropriate and proportionate with a view to promoting the licensing objectives. The Licensing Authority can amend, alter or refuse an application should it be deemed appropriate for the promotion of the licensing objectives.

In determining this application, the Licensing Authority must also have regard to the representations received, the Licensing Authority's statement of licensing policy and any relevant section of the statutory guidance to licensing authorities.

11. Amended Guidance issued under section 182 of the Licensing Act 2003 (April 2018)

Licensing Objectives and Aims:

1.2 The legislation provides a clear focus on the promotion of four statutory objectives which must be addressed when licensing functions are undertaken.

1.3 The licensing objectives are:

- The Prevention of Crime and Disorder
- Public Safety
- The Prevention of Public Nuisance
- The Protection of Children from Harm

1.4 Each objective is of equal importance. There are no other statutory licensing objectives, so that the promotion of the four objectives is a paramount consideration at all times.

1.5 However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work. They include:

- protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises.

Steps to promote the licensing objectives:

The Secretary of State's Guidance (latest edition of April 2018) at paragraphs 8.41 to 8.49 specifically outline what an applicant should address in order to be able to demonstrate that the proposed use of the premises for licensable activities would not undermine the licensing objectives.

8.41 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.

8.42 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;
- any risk posed to the local area by the applicants' proposed licensable activities;

and

- any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.

8.44 It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives, and where there are no known concerns, acknowledge this in their application.

8.45 The majority of information which applicants will require should be available in the licensing policy statement in the area. Other publicly available sources which may be of use to applicants include:

- the Crime Mapping website;
- Neighbourhood Statistics websites;
- websites or publications by local responsible authorities;
- websites or publications by local voluntary schemes and initiatives; and
- on-line mapping tools.

8.46 While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be taken into consideration when making an application. Licensing authorities may wish to encourage co-operation between applicants, responsible authorities and, where relevant, local residents and businesses before applications are submitted in order to minimise the scope for disputes to arise.

8.47 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.

8.48 All parties are expected to work together in partnership to ensure that the licensing objectives are promoted collectively. Where there are no disputes, the steps that applicants propose to take to promote the licensing objectives, as set out in the operating schedule, will very often translate directly into conditions that will be attached to premises licences with the minimum of fuss.

8.49 For some premises, it is possible that no measures will be appropriate to promote one or more of the licensing objectives, for example, because they are adequately covered by other existing legislation. It is however important that all operating schedules should be precise and clear about the measures that are

proposed to promote each of the licensing objectives.

The role of responsible authorities

9.12 Each responsible authority will be an expert in their respective field, and in some cases, it is likely that a particular responsible authority will be the licensing authority's main source of advice in relation to a particular licensing objective. For example, the police have a key role in managing the night-time economy and should have good working relationships with those operating in their local area. The police should usually therefore be the licensing authority's main source of advice on matters relating to the promotion of the crime and disorder licensing objective. However, any responsible authority under the 2003 Act may make representations with regard to any of the licensing objectives if they have evidence to support such representations. Licensing authorities must therefore consider all relevant representations from responsible authorities carefully, even where the reason for a particular responsible authority's interest or expertise in the promotion of a particular objective may not be immediately apparent. However, it remains incumbent on all responsible authorities to ensure that their representations can withstand the scrutiny to which they would be subject at a hearing.

Hearings

9.39 The licensing authority should give its decision within five working days of the conclusion of the hearing (or immediately in certain specified cases) and provide reasons to support it. This will be important if there is an appeal by any of the parties. Notification of a decision must be accompanied by information on the right of the party to appeal. After considering all the relevant issues, the licensing authority may grant the application subject to such conditions that are consistent with the operating schedule. Any conditions imposed must be appropriate for the promotion of the licensing objectives; there is no power for the licensing authority to attach a condition that is merely aspirational. For example, conditions may not be attached which relate solely to the health of customers rather than their direct physical safety. Any conditions added to the licence must be those imposed at the hearing or those agreed when a hearing has not been necessary.

9.40 Alternatively, the licensing authority may refuse the application on the grounds that this is appropriate for the promotion of the licensing objectives. It may also refuse to specify a designated premises supervisor and/or only allow certain requested licensable activities. In the interests of transparency, the licensing authority should publish hearings procedures in full on its website to ensure that those involved have the most current information.

Determining actions that are appropriate for the promotion of the licensing objectives

9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises

user as the case may be.

9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

Licensing Act 2003

The Licensing Act 2003 under Section 18 (6) also states that any relevant representation should be considered in the context of:

(a) the likely effect of the grant of the premises licence on the promotion of the licensing objectives.

Therefore, in the context of the grant of a licence, it is reasonable for the Licensing Authority to base its decision on an application on what the likely effects of granting a licence would have on the promotion of the licensing objectives.

12. The Council's Licensing Policy Statement (2018):

1.6 The predominantly urban nature of Reading as a town means that an appropriate balance needs to be struck between the needs of local business and the needs of local residents. This licensing policy seeks to encourage all stakeholders to engage in the licensing process so that the needs of all can be taken into account and issues dealt with in a spirit of partnership and cooperation.

3. Licensing and integration with other legislation

3.1 Many other pieces of legislation impact directly or indirectly on the licensing regime. The Licensing Authority must have regard to the following when it discharges its responsibilities under the Licensing Act 2003 and in relation to the promotion of the four licensing objectives:

Crime and Disorder Act 1998

3.2 This Act requires local authorities and other bodies to consider crime and disorder reduction. Section 17 of the Act states that it shall be the duty of each authority, to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area (including anti social and other behaviour) adversely affecting the local environment. This links specifically with the licensing objective of prevention of crime and disorder and the licensing authority will take into account all reasonable measures that actively promote this licensing objective.

5. Licensing Applications

Grant and Full Variations

5.6 During the 28-day consultation period, the authority will scrutinise the

application along with all of the other Responsible Authorities to judge whether it undermines the promotion of the licensing objectives. The application will be made available to any person who requests to see it. As per Section 18 (6) of the Licensing Act 2003, it will consider the likely effect of granting any licence on the promotion of the licensing objectives. The authority will expect all applicants to have taken cognisance of the Secretary of State's Guidance; local strategies and initiatives; this policy and any other known local issues before submitting their application and that these matters are addressed within the operating schedule of the application.

5.7 Whilst many applications will be resolved without the need for a committee hearing, any matters or representations that are not resolved will trigger a hearing before the properly constituted Licensing Applications Committee for determination.

6. Licensing Conditions

General Approach

6.1 Conditions shall be appropriate and proportionate for the promotion of the licensing objectives and shall be unambiguous and clear in their stated aims. Conditions will also be tailored to the type, location and characteristics of the particular premises and the relevant licensable activities. Any condition imposed by the Authority shall also aim to avoid duplication of other legislation unless there is a requirement to impose such a condition in order to promote the licensing objectives (for example, a capacity limit for public safety reasons). This shall apply to all relevant applications (grant/variation of a premises licence or club premises certificate)

6.2 The operating schedule within an application should contain an assessment from the proposed licence holder of what they believe are appropriate and proportionate measures to enable them to carry out their proposed licensable activities. This assessment should be arrived at by taking cognisance of this policy and the Secretary of State's guidance which outlines the matters that an applicant should take into account such as issues in the locality and why their proposed measures are suitable for their proposed operation.

6.5 Any conditions imposed upon a premises licence or club premises certificate will be tailored to that type of premises and the style of operation. Consideration will also be given to the locality of the premises; issues in the locality; the issues set out in the Guidance and any policy, initiative or other matter the licensing authority wishes to take into account in order to promote the four licensing objectives.

Late Night Refreshment (takeaways) and Conditions

General Approach

6.19 Late night food outlets are a major contributor to crime and disorder and anti-social behaviour within Reading. Applicants who wish to provide hot food or drink

after 2300hrs and up to 0500hrs, will need to demonstrate that their proposed operation will not exacerbate issues of crime and disorder in that locality.

6.20 Applicants for late night refreshment are expected to take cognisance of the Secretary of State's Guidance and to include appropriate and proportionate measures within their operating schedule to assist in actively promoting the licensing objectives.

6.21 The licensing authority will expect all applicants who wish to provide late night refreshment to include measures for adequate staff training; measures to ensure that no public nuisance occurs from the premises as well as additional measures to assist in crime prevention such as CCTV and door supervisors.

6.22 Public nuisance can often occur from takeaways being sited in residential areas. This could be in relation to the use of delivery vehicles and the congregating of customers outside the premises. Applicants are expected to make an assessment of their proposed locality and implement measures to avoid disturbing local residents such as the use of electric bikes and the implementation of a dispersal policy.

6.23 Where it is practical, the authority will also look to ensure that all packaging used for the provision of hot food and drink shall be made of recyclable materials or be biodegradable. This will include all fixed premises and static vans.

7. Licensing Hours

General Approach

7.1 The Licensing Act 2003 gives the licensing authority the power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of this policy. The licensing authority will make appropriate decisions on licensing hours for the locality of each premises. All applications will be considered on its individual merits

7.2 When an application receives representations, the authority may consider reducing the opening hours and times for licensable activities if it considers it appropriate for the promotion of the licensing objectives.

7.3 As part of the operating schedule submitted with any application, the applicant is expected to take cognisance of the guidance, this policy and any other available data pertaining to their prospective locality and the potential impact their operation may have on that area.

7.4 Where it is deemed appropriate and proportionate to do so, the authority may seek to reduce the hours for licensable activities in order to promote an orderly and gradual dispersal from a certain area or certain premises.

Late Night Refreshment

7.16 There are concerns about noise, nuisance, crime and disorder and anti social

behaviour in respect of premises open late and providing hot food and drink. Operators and potential applicants of late night refreshment venues wishing to open past 11pm will need to demonstrate that there are suitable policies and procedures in place to mitigate any undermining of the licensing objectives from their operation. If suitable practices and policies are not put in place and it is the belief of the Authority that crime and disorder and/or a public nuisance is likely to occur due to the late operation of late night refreshment premises, then the Authority will look at reducing the hours and or (subject to relevant representations being received) removing late night refreshment from an application in its entirety.

7.17 The Authority - whilst taking each application on its own merits - is unlikely to grant excessive hours to any premises if it believes it will undermine the promotion of the licensing objectives in the locality where it proposes to operate. Applicants should ensure that their application takes cognisance of the information available - including crime data - and ensure that the operating scheduled is tailored accordingly. Premises within the Council's town centre Cumulative Impact Area will also need to ensure that they rebut the presumption of refusal against applications in that area.

10. Administration, Exercise and Delegation of Functions

10.1 The powers of the Licensing Authority under the Licensing Act 2003 may be carried out by the Licensing Committee; by a Sub Committee or by one or more officers acting under delegated authority. The Licensing Committee will consist of between 10-15 members and the committee may establish one or more sub-committees consisting of two or three members.

10.3 A Licensing Sub-Committee shall hear all applications where relevant representations have been received and applications for the review of a premises licence that may have been submitted by Responsible Authorities or any other persons.

13. Relevant Case law for consideration:

(R) on the application of Hope and Glory Public House v Westminster City Council (2011) EWCA Civ31 illustrates that licensed premises, and the activities that take place in those premises, exist in a dynamic environment and should not be looked at entirely in isolation and confirms that this can include the impact that licensable activities have on a range of factors such as crime, the quality of life for residents and visitors to the area, and demand for licensed premises.

The British Beer and Pub Association, The Association of Licensed Multiple Retailers, The British Institute of Innkeeping v Canterbury City Council [2005] underpins the value of the Council's licensing policy. Mr. Justice Richards stated: "The council is entitled to indicate in the policy its own expectations with regard to the promotion of the licensing objectives; and I do not think that an applicant can legitimately complain if a failure to take account of those expectations gives rise to representations...An applicant who does not tailor his application to the policy therefore faces an uphill struggle."

East Lindsey District Council v Abu Hanif (t/a Zara's Restaurant) (2016) this underpins the principles widely acknowledged within the Licensing Act 2003 that the licensing objectives are prospective, and that the prevention of crime and disorder requires a prospective consideration of what is warranted in the public interest, having regard to the twin considerations of prevention and deterrence.

R (on application of Daniel Thwaites plc) v Wirral Magistrates' Court and Others (2008) EWHC 838 (Admin) this emphasises the important role that Responsible Authorities have in providing information to decision makers to contextualise the issue before them. The case recognises that Responsible Authorities are experts in their fields, and that weight should be attached to their representations.

Extreme Oyster & Star Oyster Ltd. v Guildford Borough Council (2013) EWHC 2174 (Admin) this case provides some clarity on the subject of 'shadow licences'. Mr Justice Turner explained that s.16(1) of the Licensing Act 2003 does not in any way preclude the possibility for more than one licence to exist in relation to a single premises and that if that had been the intention of Parliament, then they would have made that clear in the s.182 Guidance.

The applicant, Mr Saleem has been granted a long term tenancy agreement from the Landlord of the property, the Reading Minster of St Mary the Virgin since July 2019 on a rolling renewable basis.

Current Premises Licence

There is currently a premises licence (PL) in place for The Hut; number LP9000107 which was valid from August 2005 and authorises the provision of Late Night Refreshment off the premises only. The Premises Licence holder being a Mr Murat EMEKDAR who had a tenancy agreement granted by the Church authority for the past twenty years that was rescinded in the year 2018. Prior to the issuing of the premises licence a late night refreshment licence was in place since 1996.

Mr EMEKDAR ceased trading at that location and has vacated the property in 2018. He has chosen not to surrender the existing PL, and, for his own reasons, has refused to transfer the licence to anyone else despite not having any beneficial interest nor a right to occupy the site

I understand that each year, Mr EMEKDAR has paid the annual fee when due. Of course, he can in law, refuse to transfer the licence, as it is his possession. This creates the situation that he has the PL for The Hut, but Mr EMEKDAR has no longer a legal right to operate a business from that address.

Enquiries have been made with the Licensing department as to whether the PL may be revoked as Mr EMEKDAR no longer has the right of occupancy and therefore cannot trade.

The Licensing Officer has agreed that there is not a provision for revocation under the Licensing Act 2003 in such circumstances. This means that Mr Emekdar cannot use the PL as he has no right of tenure on the property, and Mr Saleem cannot operate under the existing PL.

Under Section 26 of the Licensing Act 2003 a PL remains in force unless S.27 where death, insolvency, lack of capacity of the PL holder occurs, under S.28 the PL is surrendered, or the PL revoked under S.52.

I understand that the existing Premises Licence has not been subject to any review hearings or performance reviews during Mr EMEKDAR's ownership.

On the current Premises Licence there only two simple conditions in relation to CCTV system being maintained and operational and litter picking at the end of the shift.

Can a Premises Licence be granted where one already exists?

It is possible to apply for the Grant of a new Premises Licence where another premises licence is in existence.

The principle of a second licence (or more) for a premises is based on a High Court ruling and I cite Poppleston and Allen:

'The term "shadow licence" describes the situation where a premises licence is granted to one party in respect of a premises where another party already holds a separate licence. Although they are not explicitly referred to in the Licensing Act 2003, the concept of shadow licences was approved under the modern licensing regime in a 2013 High Court case between Extreme Oyster & Star Oyster Ltd. v Guildford Borough Council.'

Indeed, the Reading Borough Council's statement of licensing policy (SLP) in S9.23 identifies that case law indicates that a shadow premises licence is possible under the LA. The SLP goes on to suggest that 'typically' the applicant for a shadow licence is the Landlord of the building where an existing premises licence exists.

It is believed that the case law the RBC SLP refers to is the 'Extreme Oyster & Anor v Guildford Borough Council (2013) heard before Mr Justice Turner, and that the RBC policy, in our view, is narrow interpretation of the outcome of the case.

The facts of the case were that the Landlords of the building and their trading Company made applications for a series of premises licences for the same or similar footprint of the buildings that they owned and operated their business from. The buildings had been leased to a third party, namely Luminar Leisure, which were a national late-night bar and nightclub operator who already were operating in the same building with the premises licence in their name..

The Licensing Officer from Guilford BC rejected the application without the matter going before the Licensing Committee on the grounds that the applicants Extreme Oyster Ltd did not, in his view, meet the criteria required as an applicant under S.16 of LA 2003.

Mr Justice Turner found that in fact the applicants did meet the said criteria and ruled that the application should have been accepted by Guildford BC and that the applications should proceed.

Whilst in this case the applicants were the Landlords Mr Justice Turner did go on to say that if Parliament had wished to preclude the making of second or subsequent licence applications on anything but identical near identical bases to those contained in first licences then this could have been made clear in the Guidance (S.182). It was not.

He goes on to say that situations may arise, in any event, in which one set of premises was

covered by a number of licences. “Even on a narrow approach, a multiplicity of licences is not precluded in respect of any given premises”.

Part 1, Licensable Activities, LA 2003, 2 (3) states; ‘Nothing in this Act prevents two or more authorisations having effect concurrently in respect of the whole or part of the same premises or in respect of the same person’.

S.182 Guidance to the Act states under 8.19 “There is nothing in the 2003 Act which prevents an application being made for a premises licence at premises where a premises licence is already held”.

It is recognised that the Statutory Authorities have concern that in the event of review proceedings and/or performance reviews being instigated against the premises licence holder where two licences co-exist which one does action be taken against.

We respectively suggest that should the premises licence be granted to Mr Saleem then it is that premises licence that should be taken to review if necessary or by default both licences could be taken to review simultaneously.

It is this new licence that will be relevant. The Premises Licence held by Mr EMEKDAR will in effect, is redundant..

Cumulative Impact Policy

It is recognised that the location of the premises fall within the Reading Borough Council’s former Cumulative Impact Policy area which has now lapsed and the presumption of rebuttal no longer applies.

Every application for a premises licence therefore is based on its own merits.

This application has proposed conditions within the operating schedule in respect of promoting the four licensing objectives that should address any concerns that the responsible authorities may have in respect of the operation.

These conditions listed in the operating schedule reflect current best practice and are considered proportionate for the size, style and proposed trading hours of the business.

There has been similar scenario’s in Reading where the Licensing Committee have rightly, granted a Premises Licences where they have been lost either through surrender, or insolvency of the holding companies ie the Po Na Na, Bridge Street and the Sahara Bar in Gun Street.

In Conclusion

There is nothing in the Licensing Act that precludes the grant of a new premises licence for the same building where another premises already exists. This application has included conditions that should ensure the promotion of the four licensing objectives.

If 5,000 or more people are expected to attend the premises at any one time, please state the number expected to attend.

What licensable activities do you intend to carry on from the premises?

15. Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

- A certificate of registration or naturalisation as a British citizen, **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.
- A **current** passport endorsed to show that the holder is allowed to stay in the UK and is currently allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity.
- A **current** Biometric Immigration Document (Biometric Residence Permit) issued by the Home Office to the holder which indicates that the named person can currently stay in the UK and is allowed to work relation to the carrying on of a licensable activity.
- A **current** Residence Card issued by the Home Office to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights or residence.
- A **current** Immigration Status Document containing a photograph issued by the Home Office to the holder with an endorsement indicating that the named person may

stay in the UK, and is allowed to work and is not subject to a condition preventing the holder from doing work relating to the carrying on of a licensable activity **when produced in combination with** an official document giving the person's permanent National Insurance number and their name issued by a Government agency or a previous employer.

- A Certificate of Application, **less than 6 months old**, issued by the Home Office under regulation 18(3) or 20(2) of the Immigration (European Economic Area) Regulations 2016, to a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence.
- Reasonable evidence that the person has an outstanding application to vary their permission to be in the UK with the Home Office such as the Home Office acknowledgement letter or proof of postage evidence, or reasonable evidence that the person has an appeal or administrative review pending on an immigration decision, such as an appeal or administrative review reference number.
- Reasonable evidence that a person who is not a national of a European Economic Area state or Switzerland but who is a family member of such a national or who has derivative rights of residence in exercising treaty rights in the UK including:
 - evidence of the applicant's own identity – such as a passport,
 - evidence of their relationship with the European Economic Area family member – e.g. a marriage certificate, civil partnership certificate or birth certificate, and
 - evidence that the European Economic Area national has a right of permanent residence in the UK or is one of the following if they have been in the UK for more than 3 months:
 - (i) working e.g. employment contract, wage slips, letter from the employer,
 - (ii) self-employed e.g. contracts, invoices, or audited accounts with a bank,
 - (iii) studying e.g. letter from the school, college or university and evidence of sufficient funds; or
 - (iv) self-sufficient e.g. bank statements.

Family members of European Economic Area nationals who are studying or financially independent must also provide evidence that the European Economic Area national and any family members hold comprehensive sickness insurance in the UK. This can include a private medical insurance policy, an EHIC card or an S1, S2 or S3 form.

Original documents must not be sent to licensing authorities. If the document copied is a passport, a copy of the following pages should be provided:

- (i) any page containing the holder's personal details including nationality;
- (ii) any page containing the holder's photograph;
- (iii) any page containing the holder's signature;
- (iv) any page containing the date of expiry; and
- (v) any page containing information indicating the holder has permission to enter or remain in the UK and is permitted to work.

If the document is not a passport, a copy of the whole document should be provided.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

The Reading Borough Council Licensing Policy Statement includes detail which exists in order to address the late night licensed premises within the defined area of Reading Town Centre.

This cumulative impact police which expired in October 2021 was determined within the policy to have a negative impact on crime and disorder within the town due to the sheer volume and concentration of licensed premises which has a negative impact on the four licensing objectives.

Thames Valley Police recognise that the Cumulative Impact Policy (CIP) has not been renewed but maintain that the detail contained within it is still relevant.

TVP Appendix 1 - Copy of CIP updated stats to Sept 2021**TVP Appendix 2 - Cumulative Impact Stats 2021**

It is felt that if this application is granted it will likely lead to the licensing objectives being undermined, with specific regard to the Prevention of Crime and Disorder,

Public Safety and Prevention of Public Nuisance. All four licensing objectives are of equal importance.

The Council Licensing Policy Statement states:-

Late Night Refreshment (takeaways) and Conditions – General Approach

6.19 Late night food outlets are a major contributor to crime and disorder and anti-social behaviour within Reading. **Applicants who wish to provide hot food or drink after 2300hrs and up to 0500hrs, will need to demonstrate that their proposed operation will not exacerbate issues of crime and disorder in that locality.**

6.20 Applicants for late night refreshment are expected to take cognisance of the Secretary of State's Guidance and to include appropriate and proportionate measures within their operating schedule to assist in actively promoting the licensing objectives.

6.21 The licensing authority will expect all applicants who wish to provide late night refreshment to include measures for adequate staff training; measures to ensure that no public nuisance occurs from the premises as well as additional measures to assist in crime prevention such as CCTV and door supervisors.

6.22 Public nuisance can often occur from takeaways being sited in residential areas. This could be in relation to the use of delivery vehicles and the congregating of customers outside the premises. Applicants are expected to make an assessment of their proposed locality and implement measures to avoid disturbing local residents such as the use of electric bikes and the implementation of a dispersal policy.

6.23 Where it is practical, the authority will also look to ensure that all packaging used for the provision of hot food and drink shall be made of recyclable materials or be biodegradable. This will include all fixed premises and static vans.

The Secretary of States Guidance issued under Section 182 Licensing Act 2003 states:

“8.43 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact policy), applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy.”

The conditions offered in the operating schedules are not comprehensive enough for the hours applied for and Thames Valley Police do not consider that any type or number of conditions will be appropriate to mitigate the potential undermining of the licensing objectives.

The application states that it is for a “shadow licence” of an existing premises licence currently held by an individual that no longer has access to the premises. It is also suggested that the outgoing individual is refusing to transferred or sell the current licence on. The application then makes reference to the high court case of Extreme Oyster & Star Oyster Ltd. v Guildford Borough Council which provides legal weighting to the matter of shadow licences. However, this case highlights a ‘shadow licence’ being applied for by a **landlord** to protect their interests in any future business. The applicant is not the landlord of this property that this licence is being

applied for, therefore the above case is not relevant in this premises licence application other than providing that shadow licences may be permissible.

On the 31st October 2021 - Niche No. 43210491012 - Assault with Injury & Niche No. 43210491031- Concern For Safety / Collapse / Injury / Illness / Trapped
Summary - The victim has been in a premises located at St Mary's Butts with his friend when a male has bumped into him and started an altercation with the victim. The four suspects in this case have then gathered around the victim, punching and kicking him. At one point the victim is lying unconscious on the floor and the four suspects continue to punch and kick him on the head. The victim attended Royal Berkshire Hospital and has suffered GBH level injuries, namely bleed to the brain, bleed on the sinuses, neck pain, multiple lumps to head, bruising to jaw, and eye socket. This appears at present to be a random assault, no motive known by police.
– Ongoing Investigation.

Thames Valley Police are supplying for further consideration a full list of URN's relating to the specific area of St Mary's Butts which dates back to 1st October 2020 and may provide evidence which the Sub-Committee feel of assistance in relation to the types of incident that Thames Valley Police have recorded as calls for service from the St Mary's Butts area. **(SEE: TVP Appendix 3 - DAVIM Addresses & TVP Appendix 4 - DAVIM Stats - Calls - Timings)**. The reports provide basic information in relation to the amount of incidents that have been reported, as well as some indication as to the type of incidents that have been notified to us as occurring in this specific area historically.

The incidents have not been interrogated or changed or updated and we ask that you place as much or as little weight on the evidence contained within these reports as you see fit.

In summary Thames Valley Police believe strongly that no evidence has been provided within the application to provide assurances that may lead the licensing sub-committee to rule in favour of this application. The conditions offered by the applicant in the operating schedules are not comprehensive enough for the hours applied for and Thames Valley Police do not consider that any type or number of conditions will be appropriate to promote the licensing objectives.

We therefore respectfully ask the Licensing Sub-Committee to refuse this application.

Content of Application:

This is an application for the grant of a new Premises Licence for The Hut Central Kebabs located at 39 St Mary's Butts, Reading RG1 2LG has been submitted on behalf of Mr Kamal Saleem, for authorisation for the provision of late-night refreshment off the premises from 23:00 hours until 01:00 hours each day Sunday through to Thursday, and from 23:00 hours through to 02:00 hours the following day on Friday and Saturdays.

'The Hut' is a small kiosk that is located in the central reservation in St Mary's Butts opposite the Church and the site falls within Reading Borough Council's Cumulative Impact Policy catchment area. For which Reading Borough Council are seeking to renew their CIP, on the basis of that the same crime issues exist, however, that it is currently not in effect. The Licensing team's understanding is the premises is currently open and trading until 23.00hours.

This is the second application for the same premises made on behalf of Mr Saleem. The first application was made on 06.12.2019, and as representations were received, including from Mr Murat Emekdar, the current Premises Licence holder, for these premises. The application was due be heard before Licensing Applications Sub-Committee on 30.01.2020. However, the application was withdrawn without explanation by the applicant on 27.01.2020.

Current Premises Licence

There is currently a Premises licence in place for these premises, Licence number LP9000107 which authorises the provision of Late Night Refreshment off the

premises only. According to the Applicant, the current Premises Licence holder, Mr Murat Emekdar who had a tenancy agreement granted by the Church authority, (St Marys Church) for the past a number of years was rescinded in 2018. A copy of the current premises licence is attached to this representation at **Appendix PN-1**

Mr Emekdar ceased trading in 2018. He has chosen not to surrender the existing Premises licence and has chosen not to transfer the licence to the current tenant Mr Saleem.

The applicant has stated although Mr Emekdar has paid the annual fee when due, he can in law, refuse to transfer the licence, as it is his possession. This creates the situation that he holds the Premises licence for the Hut but Mr Emekdar has no longer a legal right to operate a business from that address.

Licensing Officer's Comments:

As stated, this premises currently has a licence in place. The holder of this licence, Mr Emekdar vacated the premises in 2018 and has decided not to transfer or surrender the licence. The premises requires a premises licence for Late Night Refreshment to operate as a takeaway from 23.00 hours to the terminal hours stated above. These hours in this location have the potential to undermine the Licensing objectives of Prevention of Crime and Disorder, Prevention of Public Nuisance and Public Safety. The licensing team wish to make representation against the application submitted on behalf of Mr Kamal Ahmed Saleem to licence the premises known as The Hut Central Kebabs, 39 St Marys Butts, Reading , RG1 2LG for the following reasons:

1. As you will be aware St Mary's Butts, although is only 200m long, is a source of great concern due to the numbers of existing licensed premises. In 2020 Thames Valley Police applied to Reading Borough Council to review two premises in St Marys Butts relating to violence and anti-social behavior. Having heard all of the representations the Sub-Committee agreed with Thames Valley Police and considered that the changes in the operating hours were required to reduce the risks of future incidents occurring that would breach the four licensing objectives. The hours for licensable activities and conditions attached to each licence were modified and hours reduced (Pending appeal).

Thames Valley Police have highlighted, there are still high levels of violent crime and anti-social incidents that occur in the St Mary's Butts area of town in 2021. There have been several incidents, including a late night refreshment takeaway and an off- licence.

2. Located immediately next to the premises is a part-time hackney carriage rank. This operates from 20.00 hours to 0800 hours for three to four vehicles. When late night premises shut, eg from Gun Street, potentially the rank will be busy with customers queuing across the front of the serving hatch of the Hut. The licensing team are concerned that the customers queuing for food will mix with the taxi queue in a small space and may lead to confrontations between the two groups. As the outside area is not controlled by the premises it will be left to the Police to deal with.

The other issue that the Licensing team wish to highlight to the Committee and believe is relevant, is when the premises was trading past midnight, it attracted large number of private hire and taxi vehicles from adjoining Authorities to illegally pick up non-booked customers from the Hut area. This area was described as a hotspot when cases were referred to court for prosecution. However, these illegal activities largely ceased in 2018, when the Hut stopped trading.

Also drivers used to illegally park up by the Hut to buy food or drink. The standard reply from these drivers was “ I am only going to be 5 minutes”. Although, St Marys Butts is part of the Council’s Red Route now, the Licensing team can foresee issues with cars parking illegally to buy food or drink from these premises. The Licensing team understand parking enforcement do not regularly operate in the early hours, therefore there will be no Enforcement to deal with this matter. If this was a Street Trading consent application, the Licensing team would likely refuse this application because of these parking issues. I note the Applicant has not mentioned these matters in his Application.

Photographs of the area are attached to this representation at **Appendix PN-2**.

3. The application states that it is for a shadow licence of an existing licence currently held by an individual that no longer has access to the site but has to date not transferred or surrendered the current licence. The application then makes reference to the high court case of ***Extreme Oyster & Star Oyster Ltd. v Guildford Borough Council*** which provides legal weighting to the matter of shadow licences. However, this case highlights a ‘shadow licence’ being applied for by a landlord to protect their interests in any future business at their property. In *the above case* the claimant stated their intentions in respect of the future of its business at the premises were:

“ i) To protect it in the event that its tenants went into liquidation or surrendered its licence, or was the subject of review proceedings.

ii) To protect it in the event that its tenants failed to pay / were late paying their rent.

iii) In the event that it gave notice to quit and retake possession pending redevelopment of the premises, to enable it to run the premises in the meantime.

iv) To enable it to market the premises or parts of the premises should the tenants stay in possession for the full term of the tenancy that had a one - year 'break' clause."

Mr Saleem is not the landlord of the property that this licence is being applied for, therefore the above case is not relevant in this application other than providing that shadow licences may be permissible.

Paragraphs 9.23 and 9.24 of Reading Borough Council's Statement of Licensing Policy provide an explanation of the meaning of the term 'shadow licence' and details the Authority's stance on the matter. Specifically, 9.24 states '*Any application for a 'shadow licence' and any enforcement action that may need to be taken will be dealt with in accordance with this policy and the measures already set out.*

The Licensing team have sought clarification from Reading Borough Council's Legal team regarding the legality of issuing a second 'shadow' licence from a 3rd party not connected to the existing Premises Licence holder or the Landlord of the premises, but at the time of writing this representation, a reply has not been received from them.

When looking to grant a premises licence, the licensing authority and other Responsible Authorities have to determine what the **likely effect** of granting any licence would be on the promotion of the licensing objectives. This is consistent with section 18 (6) of the Licensing Act 2003. The licensing objectives are prospective as outlined below and given all of the above reasons we respectfully submit that this application be refused.

The approach of the Licensing Team:

The Responsible Authorities named in the Licensing Act 2003 have to ensure that the licensing objectives are all actively **promoted** to **prevent** crime and disorder and public nuisance. All four licensing objectives are of equal importance.

Case Law and Secretary of State's Guidance (April 2018)

Section 1.5 of the Secretary of State's Guidance states that the Licensing Act 2003 also supports a number of other key aims and purposes. These are vitally important

and should be the principal aims of everyone involved in licensing work: They include protecting the public and local residents from crime, anti-social behaviour and noise nuisance.

Section 18 (6) of the Licensing Act 2003 states that representations should be about the **likely effect** of the grant of a licence on the **promotion** of the licensing objectives.

Therefore as outlined in the Court of Appeal Licensing case *Hope and Glory v City of Westminster* (2011) EWCA Civ31 - *licensing decisions ...involve an evaluation of what is to be regarded as reasonably acceptable in a particular location...(this) is essentially a matter of judgement rather than a matter of pure fact*'.

Further, in the High Court case of *East Lindsey District Council v Abu Hanif* (2016) EWHC 1265 (admin) Mr Justice Jay reaffirmed the position that Licensing authorities need not wait for the licensing objectives to be undermined before it takes action on a licensing application. Mr Justice Jay stated that *'the prevention of crime and disorder requires a prospective consideration of what is warranted within the public interest having regard to the twin considerations of prevention and deterrence'*.

Lastly, the case of the *British Beer and Pub Association v Canterbury City Council* clearly indicates the use of the Council's policy in guiding applicants when applying for a licence. Mr Justice Richards stated that:

"The council is entitled to indicate in the policy its own expectations with regard to the promotion of the licensing objectives; and I do not think that an applicant can legitimately complain if a failure to take account of those expectations gives rise to representations...An applicant who does not tailor his application to the policy therefore faces an uphill struggle."

The Secretary of State's Guidance (latest edition of April 2018) at paragraphs 8.41 to 8.49 specifically outline what an applicant should address in order to be able to demonstrate that the proposed use of the premises for licensable activities would not undermine the licensing objectives.

8.41 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.

8.42 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:

- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;
- any risk posed to the local area by the applicants' proposed licensable activities; and
- any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.

8.43 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact policy), applicants are also expected to demonstrate an understanding of how the

policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy.

8.44 It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives, and where there are no known concerns, acknowledge this in their application.

8.45 The majority of information which applicants will require should be available in the licensing policy statement in the area. Other publicly available sources which may be of use to applicants include:

- the Crime Mapping website;
- Neighbourhood Statistics websites;
- websites or publications by local responsible authorities;
- websites or publications by local voluntary schemes and initiatives; and
- on-line mapping tools.

8.46 While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be taken into consideration when making an application. Licensing authorities may wish to encourage co-operation between applicants, responsible authorities and, where relevant, local residents and businesses before applications are submitted in order to minimise the scope for disputes to arise.

8.47 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.

8.48 All parties are expected to work together in partnership to ensure that the licensing objectives are promoted collectively. Where there are no disputes, the steps that applicants propose to take to promote the licensing objectives, as set out in the operating schedule, will very often translate directly into conditions that will be attached to premises licences with the minimum of fuss.

8.49 For some premises, it is possible that no measures will be appropriate to promote one or more of the licensing objectives, for example, because they are adequately covered by other existing legislation. It is however important that all operating schedules should be precise and clear about the measures that are proposed to promote each of the licensing objectives

The Council's Licensing Policy:

When making an application, the applicant is supposed to have read and had regard to the Council's Statement of Licensing policy. The onus is on the applicant to demonstrate that their proposal promotes the licensing objectives and is compliant with the expectations laid out in the guidance and Council's Statement of Licensing Policy. The application, as submitted, the Licensing team believe is contrary to the following paragraphs:

6.19 Late night food outlets are a major contributor to crime and disorder and anti-

social behaviour within Reading. Applicants who wish to provide hot food or drink after 2300hrs and up to 0500hrs, will need to demonstrate that their proposed operation will not exacerbate issues of crime and disorder in that locality.

6.20 Applicants for late night refreshment are expected to take cognisance of the Secretary of State's Guidance and to include appropriate and proportionate measures within their operating schedule to assist in actively promoting the licensing objectives.

6.21 The licensing authority will expect all applicants who wish to provide late night refreshment to include measures for adequate staff training; measures to ensure that no public nuisance occurs from the premises as well as additional measures to assist in crime prevention such as CCTV and door supervisors.

6.22 Public nuisance can often occur from takeaways being sited in residential areas. This could be in relation to the use of delivery vehicles and the congregating of customers outside the premises. Applicants are expected to make an assessment of their proposed locality and implement measures to avoid disturbing local residents such as the use of electric bikes and the implementation of a dispersal policy.

6.23 Where it is practical, the authority will also look to ensure that all packaging used for the provision of hot food and drink shall be made of recyclable materials or be biodegradable. This will include all fixed premises and static vans.

7.1 The Licensing Act 2003 gives the licensing authority the power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of this policy. The licensing authority will make appropriate decisions on licensing hours for the locality of each premises. All applications will be considered on its individual merits.

7.2 When an application receives representations, the authority may consider reducing the opening hours and times for licensable activities if it considers it appropriate for the promotion of the licensing objectives.

7.3 As part of the operating schedule submitted with any application, the applicant is expected to take cognisance of the guidance, this policy and any other available data pertaining to their prospective locality and the potential impact their

operation may have on that area.

7.4 Where it is deemed appropriate and proportionate to do so, the authority may seek to reduce the hours for licensable activities in order to promote an orderly and gradual dispersal from a certain area or certain premises.

Late Night Refreshment Premises

7.16 There are concerns about noise, nuisance, crime and disorder and anti-social behaviour in respect of premises open late and providing hot food and drink. Operators and potential applicants of late night refreshment venues wishing to open past 11pm will need to demonstrate that there are suitable policies and procedures in place to mitigate any undermining of the licensing objectives from their operation. If suitable practices and policies are not put in place and it is the belief of the Authority that crime and disorder and/or a public nuisance is likely to occur due to the late operation of late night refreshment premises, then the Authority will look at reducing the hours and or (subject to relevant representations being received) removing late night refreshment from an application in its entirety.

7.17 The Authority - whilst taking each application on its own merits - is unlikely to grant excessive hours to any premises if it believes it will undermine the promotion of the licensing objectives in the locality where it proposes to operate. Applicants should ensure that their application takes cognisance of the information available - including crime data - and ensure that the operating schedule is tailored accordingly. (Premises within the Council's town centre Cumulative Impact Area will also need to ensure that they rebut the presumption of refusal against applications in that area - Not applicable at this time).

The Licensing team believe the conditions offered in the operating schedules are not comprehensive enough for the hours applied for and we do not consider that any type or number of conditions will be appropriate to promote the licensing objectives.

The Licensing Officer has stated previously why the Licensing team believe the application should be refused. If the Committee is satisfied that a shadow licence can be granted to a new applicant and the measures contained within the application are appropriate and proportionate to actively promote the licensing objectives and is satisfied that they will be implemented by the applicant, then we would respectfully ask for the terminal hour for licensable activities be reduced to

0000hrs every day and the following conditions be attached to any licence. These include offered conditions in the application.

Prevention of Crime and Disorder

1. (a) The Premises Licence Holder shall ensure a digitally recorded CCTV camera system is installed which continually records 24 hours a day. Recordings shall be stored for a minimum of 31 days with correct time and date stamping. The entire licensable area shall be covered with the CCTV.
