Good afternoon Mark,

Happy New Year to you too.

We have sent a message to our members via WhatsApp requesting their feedback (deadline Sunday 15 January) regarding the unmet demand survey.

We will formally respond by the end of January as requested.

Regards

Good morning all,

Happy New Year to you and your members.

Following on from the Licensing Applications Committee on the 12th July 2022 where they agreed to delay the Unmet Demand Survey until October 2023 it is now time to consider carrying this out in 2023. There is a Licensing Applications Committee meeting scheduled for the 21st February 2023, I am asking if you could submit your thoughts and those of your members about carrying out the survey this year in an email so that I can bring it to the attention of the Licensing Applications Committee. If you could please let me know roughly how many members are currently operating during the day and the night, how many are still not working following the pandemic and are yet to re-start and how many have taken up other forms of employment.

If you could reply by the end of January that would be appreciated so that I can include it in the report for the committee.

Regards

Mark Groves

Hi Mark,

We had about 10 drivers out of 250 members who felt that the survey should be delayed.

Hope the above helps.

Regards

Good afternoon [REDACTED]

Thank you for the update I will include your response in the committee report. Do you have an idea of what the percentage is of those who agree and those who don't as you have mentioned the 'vast majority' agree.

Good afternoon Mark,

Having consulted our members, the vast majority agree that the survey should take place this year.

In terms of the number of drivers working, we are back at pre pandemic levels.

If you require any further information please let me know.

Many thanks.

Regards
