INTERNAL MEMORANDUM

To: Licensing

From: Rebecca Moon

Dept: Licensing

Dept: Environmental Protection & Nuisance

Cc: applicant
richardprunier

Date: 18 September 2023

Urgent Response required Further action (see below)

Subject: Application for Premises Licence: ref - 761569
Premises: Charles Cooper Henderson, Mill Green Boathouse Mill Green,
 RG4 8EX

I refer to the above application.

I have reviewed the application and the additional information provided and would like to make representation against the application. I am concerned that the regular playing of recorded and live music outdoors in proximity to residential premises may result in a public nuisance occurring. No measures are proposed in section p(d) for the control of noise.

If the applicant clarified how noise nuisance will be controlled / prevented, and appropriate conditions included upon the licence, it may be that I could be satisfied that the proposals could be implemented without a significant disturbance to local residents.

How will the applicant ensure that the music levels are not excessive?
Does the applicant intend that the music be audible to nearby residents? If not, how will the levels be controlled?
How often will music be played outdoors?
How often will live music take place?
Will music be played whilst the boat is moored or just moving? If when the boat is moored, for what time periods?

Please contact me if you require any further information.

Kind regards

Environmental Health Officer
