

## Appendix 2

### Reasons given for why AQAP will not effectively address air pollution

- too much emphasis on traffic
- needs more support for low emission vehicles/EV
- Need tougher actions e.g. CAZ, ULEZ
- Bus, P&R, Trains too expensive
- too many HGVs
- need better public transport
- need to stop building flats & houses without supporting infrastructure
- need a 3rd bridge
- Indifference/awareness of public
- It will cause more congestion and worsen AQ
