Do you support or object to the proposal to revoke the inbound A329 Oxford Road Bus Lane?	Comments
Support	<p>This is sensible and an outbound lane is much more needed. Please ensure plenty of signage with the new outbound lane and changes to the road here.</p> <p>For the outbound lane in particular, when this is planned, huge consideration needs to be given to the effect on the turn from inbound across the carriageway into Constitution Road, this has the potential to be a risk.</p>
Object	I support any initiative to make Oxford road greener
Object	<p>What an utter waste of time and money, there is absolutely nothing wrong with what's there.</p> <p>Before mucking about with the roads and playing with bus lanes, why not introduce a park and ride this side of town to enable people to go into town without having to drive?</p> <p>Generally, I walk but you are making that increasingly impossible with other wastefulness such as that ridiculous ticket office at West Reading - the pavement is almost blocked now.</p>

Object	<p>I honestly believe that this will cause massive disruption and achieve nothing. The major issue with that area is the bus stop just after the junction with grovelands Road. If a bus stops and traffic can get passed it back up. Causing issues with the yellow box junction and closing the Oxford Road.</p> <p>This is the issue that needs address not causing further disruption for no gain.</p>
