## 4. Decision details:

Delegation agreed at Council (October 2024) related to the 'TRO Rectification report' ([here](#)) as follows:

### TROs 5 (Southcote Verge & Footway Parking)

The statutory consultation was undertaken from 16 January to 5 February 2025 and a sufficient period has now been allowed for receipt of postal representation.

An objection was received against the proposal, the content of which has been considered. It is not considered that the content of the objection provides good reason for the proposed restrictions not to be implemented, nor that it should be implemented in a way that differs from the proposals in the statutory consultation.

The decision has been agreed that this TRO be made/sealed as advertised.

### TRO 6 (Tilehurst & Kentwood Verge and Footway Parking)

The statutory consultation was undertaken from 16 January to 5 February 2025 and a sufficient period has now been allowed for receipt of postal representation.

Five objections were received, the content of which have been considered. It is not considered that the content of the objections provides good reason for the proposed restrictions not to be implemented, nor that it should be implemented in a way that differs from the proposals in the statutory consultation.

The decision has been agreed that this TRO be made/sealed as advertised.

**5. Reasons for the decision:**

The primary benefits of banning footway and verge parking relate to ensuring accessibility and safety of use of the Highway. The content of the objections against both TROs was not considered to provide good reason not to proceed with the implementation of the TROs as they were advertised.

1. Not implementing the TROs.
2. Implementing the TROs with minor amendments.
