

Project / Proposal Name or Reference:		Date:	Your Name:	
Food Service Plan 2025-26		01-May-25	Katie Heath	
1. IMPACT ON CARBON EMISSIONS				
HOW WILL THIS PROJECT/PROPOSAL AFFECT:		CONSIDERATIONS <i>See guidance below on determining whether negative or positive impacts are High, Medium or Low</i>	IMPACT? <i>Use drop down list</i>	SUMMARISE HOW YOU PLAN TO MANAGE AND REDUCE ANY NEGATIVE IMPACTS
1	ENERGY USE	* More energy will be consumed or emissions generated (by RBC or others) = Negative Impact * No extra energy use is involved or any additional energy use will be met from renewable sources = Nil Impact * Energy use will be reduced or renewable energy sources will replace existing fossil fuel energy = Positive Impact	Nil	Consider: + Energy efficiency measures + Renewable energy + Reducing demand for energy It is not envisaged that, as a result of this plan, more energy will be consumed or emissions generated than there currently is.
2	WASTE GENERATION	* More waste will be generated (by RBC or others) = Negative Impact * No waste will be generated = Nil Impact * Less waste will be generated OR amount of waste that is reused/ recycled will be increased = Positive Impact	Nil	Consider: + Re-usable/recycled goods + Recycling facilities + Reducing/reusing resources It is not envisaged that, as a result of this plan, more waste will be generated than there currently is. The Food & safety Team carry out their inspections using paper forms and carbonated report templates. These are returned to the office for shredding after use. The Team has now had mobile devices made accessible to them.
3	USE OF TRANSPORT	* RBC or others will need to travel more OR transport goods/people more often/further = Negative Impact * No extra transport will be necessary = Nil Impact * The need to travel, the use of transport and/or of fossil fuel-based transport will be reduced = Positive Impact	Nil	Consider: + Use of public transport + Reducing need to travel or transport goods + Alternative fuels/electric vehicles/walking and cycling It is not envisaged that, as a result of this plan, there will be any increase or decrease in the use of transport.
2. IMPACT ON RESILIENCE TO THE EFFECTS OF CLIMATE CHANGE				
HOW WILL THIS PROJECT/PROPOSAL AFFECT THE ABILITY OF READING TO WITHSTAND:		CONSIDERATIONS <i>See guidance below on determining whether negative or positive impacts are High, Medium or Low</i>	IMPACT? <i>Use drop down list</i>	SUMMARISE HOW YOU PLAN TO MANAGE AND REDUCE ANY NEGATIVE IMPACTS
4	HEATWAVES	* Increased exposure of vulnerable people and/or infrastructure to heat stress = Negative Impact * No increase in exposure to heat stress = Nil Impact * Reduced exposure of vulnerable people and/or infrastructure to heat stress = Positive Impact	Nil	Greater need for cooling, ventilation, shading and hydration methods N/A
5	DROUGHT	* Water use will increase and/or no provision made for water management = Negative Impact * Levels of water use will not be changed = Nil Impact * Provision made for water management, water resources will be protected = Positive Impact	Nil	Greater need for water management and perhaps reserve supplies N/A
6	FLOODING	* Levels of surface water run-off will increase, no management of flood risk = Negative Impact * Levels of surface water run-off & flood risk are not affected = Nil Impact * Sustainable drainage measures incorporated, positive steps to reduce & manage flood risk = Positive Impact	Nil	Consider flood defence mechanisms or alternative arrangements (business continuity) N/A
7	HIGH WINDS / STORMS	* Exposure to higher wind speeds is increased or is not managed = Negative Impact * No change to existing level of exposure to higher wind speeds = Nil Impact * Exposure to higher wind speeds is being actively managed & reduced = Positive Impact	Nil	Greater need for stabilisation measures, robust structures resilient to high winds N/A
8	DISRUPTION TO SUPPLY CHAINS	* Exposure to supply chain disruption for key goods and services is increased = Negative Impact * No change in exposure to supply chain disruption for key goods and services = Nil Impact * Exposure to supply chain disruption for key goods and services is reduced = Positive Impact	Nil	Source key goods and services locally as it reduces exposure to supply chain disruption and boosts the local economy N/A
Weighing up the negative and positive impacts of your project, what is the overall rating you are assigning to your project?:			Not Nil	This overall rating is what you need to include in your report/ budget proposal, together with your explanation given below.

Guidance on Assessing the Degree of Negative and Positive Impacts:

Note: Not all of the considerations/ criteria listed below will necessarily be relevant to your project

Low Impact (L)	* No publicity * Relevant risks to the Council or community are Low or none * No impact on service or corporate performance * No impact on capital assets; or relates to minor capital assets (minor works)
Medium Impact (M)	* Local publicity (good or bad) * Relevant risks to the Council or community are Medium * Affects delivery of corporate commitments * Affects service performance (e.g.: energy use; waste generation, transport use) by more than c.10% * Relates to medium-sized capital assets (individual buildings or small projects)
High Impact (H)	* National publicity (good or bad) * Relevant risks to the Council or community are Significant or High * Affects delivery of regulatory commitments * Affects corporate performance (e.g.: energy; waste; transport use) by more than c.10% * Relates to major capital assets (larger buildings and infrastructure projects)

In the box below please summarise any relevant policy context, explain how the overall rating has been derived, highlight significant impacts (positive and negative) and explain actions being taken to mitigate negatives and increase positives. This text can be replicated in the 'Environment and Climate Impacts' section of your Committee Report, though please note you may need to supplement this climate impact.

There are no specific environmental or climate implications to this plan. Payments made to the Council are accepted electronically. Where accepted by the Food Business Operator subsequent correspondence with businesses, following inspection, will be supplied electronically. Applications for new business registrations are encouraged and accepted electronically.

It should be noted that the Food & Safety Team, whilst having been access to mobile devices, has not yet been provided with suitable set up to enable these to work in place of paper forms and carbonated reports, it is unlikely that these will be sufficiently supported by our current database provider. Proactive and reactive interventions are carried out using paper inspection forms and carbonated paper report forms.
