Subject: RE: KFC, Shinfield Road - Premises Licence variation application

Hello Nick, thank you.

As discussed, I am happy to withdraw my representation based on the conditions and clarifications you have provided.

I look forward to further discussions regarding the possibility of exploring healthier eating options with KFC at the Shinfield venue and, if feasible, at other locations.

Kind regards
Nina Crispin

Hi Nina

Thanks for taking my call and agreeing to withdraw your representation on the basis of the conditions we have agreed with Police and Licensing Authority.

I will speak to my client and discuss with them what steps they can take as a franchisee to support any campaigns your department run in Reading relating to healthy eating and obesity. However as health is not a licensing objective it would not be possible for this to be drafted into a condition on the premises licence.

Regards

Nick

Good afternoon Nina

I'm just following up on my e-mail from yesterday – are you free to discuss this at all today or tomorrow?

Regards
Nick

Subject: KFC, Shinfield Road - Premises Licence variation application

Good afternoon Nina

I have just been made aware that you have submitted a representation to my client's application for KFC at Shinfield Road. I apologise for not coming back to you sooner to address your issues but as I said I've only just become aware of it.

You raise a couple of areas of concern. The first is not a licensing related matter but deals with employer responsibilities for providing safe working conditions for employees. I can, I hope, assure you that my client does indeed take their responsibilities seriously in this regard. KFC has very strict policies and protocols in place to ensure all restaurants comply with employer's statutory responsibilities. Throughout each shift each employee provided break times and access to food and drinks to meet all statutory requirements. This will continue into the additional trading hours if this application is granted. No member of staff will be required to work longer shifts to cover the additional hours but instead the shift pattern will be adjusted so that those who want to work the later hours start later.

It is anticipated that during the later hours the restaurant will be staffed by 3 or 4 people one of whom is a manager. My client provides adequate parking for staff who drive and bike storage for those that cycle. Any member of staff who does not drive or cycle to work for the later hours will be provided access to safe travel home should they require it – this will normally be through staff carpooling.

With respect to the impact on the local area of the premises trading later – we have done a lot of work with the police and licensing authority to address their concerns around this. The result of these discussions is that a set of 17 conditions will be added to the Premises Licence upon the grant of the application. I attach these conditions to this e-mail for your consideration. These measures will be in place throughout the trading day and not just the additional hours of the application and will ensure the licensing objectives are promoted at all times.

Perhaps these conditions address your concerns and enable you to withdraw your representation. I would be very happy to discuss this with you further if there are additional steps you would like our client to consider. Perhaps you can let me know a time this week that is convenient for you?

Regards
Nick
