Good afternoon Rebecca

Just wanted to report an awful Saturday night from the After Dark Club. It was last Saturday, 30th March.

Live music started blaring at 18.33 and continued all evening. I could not hear our television or the hourly church bells.

I rang the manager at 22.16 as our daughter was awake and disturbed by the very loud music but call went unanswered.

Loud music continued into the night so another sleepless night for us all.

Thank you Rebecca

Kind regards
