Reading Action Plan

Care Quality Commission Local System Review of Reading

Background to the review and development of this Action Plan

The Local System Review in Reading looked at the services provided by the following organisations:

- Reading Borough Council
- Berkshire West Clinical Commissioning Group
- Royal Berkshire Hospital
- Berkshire Healthcare Foundation Trust
- South Central Ambulance Service

Local System Reviews are carried out following a request by the Secretary of State for Health and Social Care and the Secretary of State for Housing, Communities and Local Government.

The Care Quality Commission were asked to carry out a programme of targeted reviews of local authority areas, of which Reading was one.

The main purpose of this review was to understand how people move through the Health and Social Care System in Reading with a focus on the interface between services. The Local System Review considered system performance along a number of pressure points on a typical pathway of care with a focus on people aged 65 and over.

This action plan is a response to the findings of the Reading System CQC review carried out between 6th September and 2nd November 2018 and in the report published by CQC on the 16th January in CQC'S published report dated January 2019.

This Action Plan will be monitored and progressed via a pre-existing multi-agency Reading Integration Board, this is made up of key senior representatives of all of the above organisations and led and chaired by the Director of Adult Care and Health Services at Reading Borough. .

NB. Mostly the CQC report makes reference to the Berkshire West 10 (BW10) this was a name used to describe the number of organisations involved in the joint working programme and Integrated Care System. However due to the amalgamation of the 4 CCG's into 1 and forming of the new GP Alliances this action plan for clarity now makes reference to the renamed BW7.

Action Owner	Role	Organisation		
Seona Douglas	Director of Adult Care and Health Services	Reading Borough Council		
Jon Dickinson	Deputy Director Adult Care and Health Services	Reading Borough Council		
Peter Sloman	Chief Executive	Reading Borough Council		
Cathy Winfield	Berkshire West CCG	Berkshire West CCG's		
Cllr Graeme Hoskins	Chair of Health and Wellbeing Board	Reading Borough Council		
Cllr David Absolom	Chair of ACE Committee	Reading Borough Council		
Sam Burrows	Deputy Chief Officer & Director of Strategy	Berkshire West CCG's		
Debbie Simmons	Director of Nursing	Berkshire West CCG's		
Maggie Neale	Integrated Care System Workforce Manager	Berkshire West CCG's		
Maureen McCartney	Director of Operations, CCG Urgent Care Lead	Berkshire West CCG		
Melissa Wise	Assistant Director for Transformation and Performance – Adult Care & Health Services	Reading Borough Council		
Katrina Anderson	Director of Joint Commissioning	Berkshire West CCG's		
Liz Rushton	Assistant Director for Berkshire NHS Continuing Healthcare (Adults and Children)	Berkshire West CCG's		
Tessa Lindfield	Strategic Director of Public Health	Public Health Services for Berkshire		
Steve McManus	Chief Executive	Royal Berkshire Hospital Foundation Trust		
Janette Searle	Preventative Services Development Manager, Wellbeing Team	Reading Borough Council		
Reva Stewart	Divisional Director, Adult Community Health Services West	Berkshire Healthcare Foundation Trust

1c) Health partners had led the development of the Berkshire West Integrated Care System in 2016 and were in support of merging the work of the BW7 into the INTEGRATED CARE SYSTEM. Historically there had been reluctance from some local authority partners for this direction of travel; however opportunities for alignment were being explored, supported through recent meetings between the Chairs of the Health and Wellbeing Boards in the three unitary authorities.	 Meetings and engagement with Chairs of the Health and Well Being Boards with Local Authority and Health representatives to agreed strategy across Berkshire West 7. Chief Executive Group to clarify and agree joint strategy alignment 	Seona Douglas	Green	31st May 2019		See response to 1A above
1d) System leaders should evaluate governance boards and processes to ensure that there is not duplication. System leaders should also ensure that people working in the system are clear on where decisions are taken, and where accountability lies for system performance.	 Map all Governance systems, meetings and projects to decide upon cohesive agreement regarding streamlining and averting duplication of priorities. Create / update diagram of current decision making to understand the link within and across the System. Make decisions on duplication across BW7 in consultation with other LA's to affect 1D (2). 	Seona Douglas	Green	30 th June 2019	 Risks Loss of organisations autonomy. Sufficient time allocated to complete tasks Organisational cooperation Production of accurate data Mitigation Changes are appropriately communicated. Chief Officer Commitment and scheme of delegation. 	Work detailed in response 1a determines the direction of travel. Berkshire West 7 group details the proposed Governance in relation to the whole system This has been completed

CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations
 1f) The Adults, Children and Education (ACE) Committee should better embed its scrutiny function and play a more significant role in holding partners to account for common goals and scrutinising future strategic plans. The ACE Committee should call health leaders to account for decisions that impact on the delivery of health and care services to people in Reading. 	 Chair of Adults, Children and Education Committee (ACE) has arranged visits with partners NHS Chief Executives to open communications and set out expectations for the scrutiny programme and future agenda setting. Meeting held to determine respective roles of Health and Wellbeing Board (HWBB) and Adult Children and Education (ACE) Committee Consider other Reading needs and support for a Health Scrutiny function to consider the role of Healthwatch in that task. 	Seona Douglas	Green	31st May 2019	 Risks Visits do not take place in a timely way. Lack of sign up from the Partner organisation to presentation and attendance at Adults Children's and Education Committee. Mitigation Director of Adults Care and Health Services to facilitate meetings to support Elected Member. 	 6/2/2019: Cllr Hoskin and Cllr Absolom along with Director of Adult Care and Health Services have agree roles of Adult Children and Education Committee (ACE) and Health and Wellbeing Board (HWBB) to assist with agenda setting 10/2/2019: Chief Executives and Adults Children's and Education Committee chair are arranged for dates over the next 6 weeks 22/5/19 The Reading Children's services are now in a company arrangement "Brighter Futures for Children" Therefore new arrangements are now in place for member reporting from them as an organisation Meetings have taken place with Cathy Winfield CCG, Will Hancock SCAS, and Julian Emms BHFT. Last of those meetings is arranged with Steve McManus RBH for June.

CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations
2a) The modelling work undertaken by Integrated Care System workforce leads should be developed into a system workforce strategy and they should ensure that the local authority and the VCSE sector are involved in its development as partners and not just as providers.	 Develop a Workforce strategy for Social and Health Care across Reading and secure the future staffing requirements to meet the needs of the system. Revise Terms of reference to include all system partners alongside current workforce leads so that there is clarity of the task required. Engagement event of the relevant system partners to ensure all have contributed to the strategy to ensure meets need of area and looks at integration. Reports form the Workforce group need to be included in updates to Reading Integration Board 		Amber	30 th April 2020	 Risks Social care partners may not engage or understand the relevance of the Integrated Care System Workforce Group to their workforce so need to be informed. Engagement with senior's managers who are able to contribute and participate in the work. Day to day priorities and/or emergency situations occur Individual organisations workforce priorities and strategy need to be aligned with core principles. Previous Workforce planning undertaken by Health Education England was not fully engaged with or embedded in Berkshire West. Mitigation Escalation to the Chief Officers Group to direct as required 	Since CQC met with Workforce Focus Group leaders Integrated Care System Workforce Group has put into the March Meeting a 'Deep Dive' of social care workforce issues. This has led to higher engagement which will hopefully embed the social care issues within Integrated Care System Workforce Structure. Berkshire West Integrated Care System Workforce Group has agreed across the Integrated Care System, a workforce methodology, Skills for Health '6 Step'. Social Care alongside all health providers and has bee offered support in engaging with this model. Workshops to facilitate this are currently in development

<u>Group 2</u> - Operational Delivery and Workforce

<u>Group 2</u> - Operational Delivery and Workforce (cont.)							
CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations	
2b) Although people received high-quality care and support in hospital, people aged 65+ were more likely to attend hospital in an emergency when compared to the national average, there was also a higher chance than the England average that that they would be admitted.	 Ensure that the Optum Population Health Management work programme provides the intelligence we need to identify the underlying reasons for the higher number of non- elective admissions for patients aged 65 plus. Working with clinical leads and other partners, including Primary Care Networks and service users, use this intelligence to develop an action plan to help address the issues contributing to this higher than average number. Reading Integration Board to oversee the implementation of the actions in this plan and to provide reassurance of progress to the Health and Wellbeing Board. 	Maureen McCartney	Amber	30 th September 2019	 Risks A focus on patients aged 65 plus may detract from work needed to address NEL's in other age groups Need to ensure alignment with priorities of system partners Commitment from all partners to delivery of the action plan Resources to implement all actions identified Mitigation RIB to ensure the Optum findings are used to support .an overall reduction in NELS's across all age groups and timescales for this agreed action RIB membership to ensure joined up working and commitment across partner agencies RIB to prioritise actions 	 Health and Social Care Partners actively engaged with the Optum Population Health Management Programme and an in depth analysis of the Optum and CCG data in relation to Non Elective Admissions was completed. This included age, frailty, deprivation levels, NHS activity, spend and prevalence at electoral ward level. The key findings from this analysis and a list of recommended actions was considered by Reading Integration Board on 31 July. A key finding was that people living in the 3 most deprived wards in South Reading have more Non Elective Admissions, and high % prevalence of CHD, COPD, Diabetes Hypertension , obesity and CKD., In response to this we are working with partners including Respiratory Consultants and GPs in the 2 Primary Care Networks to provide a "wrap around service" to better support identification and management of complex patients living in these 3 wards. We are also continuing with the existing Neighbourhood Care Planning Group which provides a Multidisciplinary Care Approach for specific patients identified by either health or social care Reading Integration Board will monitor progress on this work and report to HWBB. 	
2c) While there was extensive support for people living in care homes, the support offer in the wider community was less well developed. Schemes such as the Falls and Frailty Service and the Rapid Response Service were in place to meet people's needs at a point of crisis, however there was not	 Address the gap identified in the work in 2B above Develop an action plan to address the gaps in support to reduce risk of non- elective admissions from a community 	Reva Stewart	Red	31 st December 2019	 Risks Funding priorities Sufficient allocated resource to undertake the task. Lack of System/partner 	September 2019 Project group in place to pilot Neighbourhood Care Planning Group as a MDT approach. Gaining access to Integrated Population Analytics (IPA) tool is underway, as the risk	

an effective system risk stratification to identify people at high risk of deterioration in their	setting.	engagement
condition which meant that early targeted interventions could not be put in place.	 Include the external providers of domiciliary care and identify support for early supported discharge planning 	 Mitigation Chief Officer group mandate

Group 2 - Operational Delivery and Workforce (cont.)							
CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations	
2d) Two primary care alliances had recently formed – the Reading Primary Care Alliance and the North & West Reading Primary Care Alliance. The formation of the two alliances covered 25 GP practices in Reading and would allow for a more cohesive and collaborative approach to workforce planning and would represent and contribute towards a strategy for primary care within the Integrated Care System. It was expected that through the alliances, GP practices would work closer together in the development of a system risk stratification tool that would identify people at the highest risk of hospital admission.	 Ensure the GP Workforce Group is linked in to wider system workforce strategy CCG to work with GP providers to use outputs from Optum public health management work to further develop risk stratification and MDT care planning for patients at risk of deterioration in their health, linking to care navigators as appropriate. 	Helen Clark	Amber	31 st December 2019		The previous alliance structure has been superseded by Primary Care Networks of which there are six in Reading (Tilehurst, Whitley, Reading Central, University, Caversham, and Reading West). Tilehurst, Whitley and Reading West continue to work together as part of the Reading Primary Care Alliance. Primary care transformation is now overseen by the BW ICP Primary Care Programme Board. The Board has met twice, in June and Novembe and also hosted a summit meeting in July. This, together with the recent Design our Neighbourhoods event, has informed the development of a work programme for the remainder of the year of which workforce development is a key element. The Primary Care Workforce Group now reports to the Programme Board and is also linking with the ICP Workforce Group (which should be supporting 2d, above) as well as with BOB leads around key areas including workforce planning and GP recruitment and retention. A local focu is the recruitment of staff to PCNs under the national Additional Roles Reimbursement Scheme which in the first instance focuses on clinical pharmacists and social prescribers. Discussions are underway to ensure PCN social prescribing link workers are appropriately linke with existing social prescribing provision and th broader voluntary sector. A workforce workshop for PCN Clinical Directors is being hel in October.	

stratification tool will contribute to identifying
patients at risk of admission and support
proactive interventions such as a MDT. Reading
Integration Board will review outputs from 2b to
inform the development of an action plan.

Action 2d Continued		

Group 2 - Operational Delivery and Workforce (cont.)							
CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations	
2e) Connected Care, an information sharing platform was already improving connectivity between services, with ambulance and A&E staff accessing GP summary care records, enabling them to make more informed decisions about a person's care. Connected Care had been rolled out within the acute and community trusts but was yet to be established in social care – plans were in place for a phased roll out in December 2018. Social care staff told us that this will make a big difference for them as they will be able see the conversations that have taken place with a person before the point that they make contact, saving time and informing better assessments	 Deliver the currently agreed implementation plan. 	Melissa Wise	Green	31 st June 2019	 Risk There is a risk that these projects will not Go Live as planned due to technical challenges. This risk will be robustly monitored through the Connected Care Implementation Board to ensure the project delivers to plan. Mitigation To maintain reporting through the Connected Care Implementation Board. 	Portal access was launched as planned. Initially we offered a limited number of logins to staff to manage the administration however this has since been broadened with now 100 staff that have access.	

A further work stream within the programme relates to the roll-out and further development of MDT care planning for patients who might otherwise be at risk of admission, informed by PHM data and risk stratification building on the Optum approach with plans being developed for national PCN development funding to be used to build PHM capacity within PCNs. It is intended that the Reading Integration Board will be asked to lead the further development of MDT care planning for which a project plan is being developed. This will need to take forward and roll-out learning from the current project to reduce non-elective admissions amongst patients in Whitley.

<u>Group 2</u> - Operational Delivery and Workforce (cont.)							
CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations	
had been reviewed and extra training had been provided for frontline staff. Despite this frontline staff still did not feel processes were still clear and consequently this was continuing to cause delays. We heard how this was impacting on people being able to die in their preferred place and were given examples of people dying in hospital before the funding was approved. A progress report given to the BW7 on the CHC Quality Premium in March 2018 showed that the CCG was still not reaching the terms of the Quality Premium.2.3.4.	Evidence of dissemination through the System of the Interim funding paper agreed by the CCG. This will enable agreement for interim funding so that someone can be placed while assessment and decision regarding Continuing Heath Care are completed to prevent delay in a hospital. Process redesign of the Continuing Heath Care Discharge to assess pathway and process. Interim funding paper – wider communication needed of desired outcomes when the process is redesigned to ensure achieving the outcome. A focus on more assessments happening in the community.	Katrina Anderson	Amber	31 st July 2019	 Risks People wait unnecessarily for a Continuing Health Care determination. Potentially Health Care needs are not identified early enough and may impact upon resident if they fund their own care. Adult Social Care potentially provide for Health care needs inappropriately. Need to review training needs against the framework agreements Mitigation Multidisciplinary Team Meeting need terms of reference sharing CHC senior manager now attending DASC Wednesday 8 am meetings to Discuss/agree DTOC issues. Adult Social Care have 	 These communication plan and these tasks will be allocated across all the organisations by Reading Integration Board when the pathway and process are signed off. A proposed CHC Discharge to Assess pilot was discussed and agreed at BW7 in January 2019. The CCG and LA's have met twice to discuss and agree the proposed CHC Discharge to Assess protocol (signed off by BW7 in Jan 2019). A further revised protocol was circulated to all 3 LA's in June 2019 and comments/agreement has not yet been received. Therefore the pilot has remained at amber and funding is due to finish in September 2019. 	

Group 3 - Commissioning and Market Management						
CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations
3a) Health and care commissioners should work together to develop the new Joint Strategic Needs Assessment and ensure that in its development it is aligned with the Integrated Care System's Population Health Management approach.	 Engage partners and service users to join existing boards to influence and contribute to meeting the needs in the Joint Strategic Needs Assessment (JSNA). Ensure all partners are involved in decisions regarding Joint Strategic Needs Assessment (JSNA and Public Health Monies 9PHM). Make best use of IT to present and share the information across the various organisations and staff groups. 	Tessa Lindfield for Joint Strategic Needs Assessment Maureen McCartney for Population Health Management	Red	31 st December 2019	 Risk There is a continued risk that organisations will continue to use the outputs of the Joint Strategic Needs Assessment and Public Health Monies work separately given the differing timescales of delivery. Mitigation This is mitigated by both TL and MM being part of both working groups 	 PH now a member of the PHM & Digital Board. JSNA model has been agreed at all HWBs to include development of on line Berkshire Observatory tool as part of the JSNA which is due to go live September 2019; Agreement in place to develop joint commissioning for 0-19s BCEG have agreed measured to strengthen governance of PH system and are reviewing set up across Berks. PH Board continues to meet to review use of PH Grant.
3b) Health and care commissioners should develop a joint commissioning strategy. Health and care commissioners should agree on commissioning intentions across health and social care and work together to develop a joint market position statement.	 Directors across Berkshire West set high level commissioning priorities for a joint commissioning strategy across Berkshire West and this will now be progressed to agree joint commissioning programme. Develop and agree Joint Market Position statement across the 3 Local Authority's and Clinical Commissioning Group for areas that are common to all partners 	Seona Douglas	Red	31 st December 2019	 Risks Commissioning capacity in all partner organisations remains a risk to this work. Mitigation Additional capacity is being explored through the Better Care Fund to expedite this work. 	An initial meeting of BW7 Commissioners have agreed scope to progress work. A further meeting in March will develop a work plan.

	Group 3 - Commissioning and Market Management (cont.)						
CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations	
 3c) System leaders should focus on developing prevention and early intervention services that increase the support offer in the community. A system approach to risk stratification and active case management should be developed to identify people at the highest risk of hospital admission. 3d) The role of the Reading Integration Board should be further developed to enable joint commissioning outside of the Better Care Fund and be more closely aligned to the Health and Wellbeing Board 	 MDT Risk stratification progressing as part of care planning, but will be accelerated and broadened in order for partners and other projects to benefit from understanding this risk profiling approach. The Neighbourhood Care Planning Group (NCPG) pilot project needs to be reviewed to ensure the outcomes are aligned with the CQC outcomes. Consider if the information GP's hold in their GP frailty register could link into the pilot. Review Terms of Reference and membership. RIB chair and PMO to engage with HWBB Chair to identify options for better alignment. As Joint Commissioning develops utilise the Reading Integration Board as the appropriate Governance vehicle for monitoring 	Maureen McCartney Melissa Wise	Green	31 st September 2019 31 st March 2020	 Risks There is a risk that the National Care Planning Group work is completed in isolation of the planned system wide neighbourhood work. Mitigation All planned work related to Neighbourhoods is cited through the Reading Integration Board Risks Lack of sufficiently experienced Programme Management capacity. Joint commissioning develops at a slower pace than expected. Mitigation Identify internal resources if required to undertake required work. 	Health and Social Care Partners have actively engaged with the Optum Population Health Management Programme and the outputs from this and the analysis and recommendations in the Paper referred to in Action 2b) support the action required for 3C . Further to discussion with RIB Chair a 5 minute recurring item will be added to the Reading Integration Board (RIB) agenda for May 2019 onwards to discuss and monitor progress made / opportunities arising at the Berkshire West 7 Joint commissioning board and consider ongoing conversations re joint commissioning opportunities. Meeting to be planned for late June to allow Director and Chairs of both boards to discuss better alignment of Reading Integration Board (RIB) and Health and Wellbeing Board (HWBB).	
3e) Market management was undertaken by the local authority and the CCG separately although system leaders stated an intention to move towards a more joined up approach. The local authority had a robust market position statement and was undertaking work to update this.	See 3b above	Seona Douglas pending appointment of new Asst. Director Commissioning	Amber	30 th September 2019	 Risks Commissioning capacity in all partner organisations remains a risk to this work Mitigation Additional capacity is being explored through 	To also agree any necessary changes to terms of reference and membership. 22/5/2019 A Joint Commissioning Group as a part of the new Governance arrangements described above in 1A has been set up across the Berkshire West 7 group to address the commissioning issues more widely than Reading BC and the CCG. The group will be informed by the JSNA work, the Optum project and the 3 LA's (Reading	

	the Better Care Fund to	Wokingham and West Berkshire) Market
	expedite this work.	Position Statements.

Group 4 - Communication & Engagement						
CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations
4a) In developing the next Health and Wellbeing Strategy, due for publication in 2020, the local authority should engage system partners and ensure greater alignment with the wider Berkshire West Integrated Care System strategic intentions and those of the Buckinghamshire, Oxford and Berkshire West STP	 Using the Health & Wellbeing Board as the vehicle for discussion undertakes early scoping with partners to develop the strategic intentions for the strategy. Ensure System Leaders are engaged in approving the strategy and associated action plan. Ensuring alignment to the Integrated Care System (ICS) strategic intentions as appropriate. Joint ownership of the Action Plan is secured. 	Tessa Lindfield	Amber	30 th September 2019	 Risks As the Integrated Care System work evolves there is a risk that developments will not be included in the Health & Wellbeing Strategy as it has a finite publish date. Ensure sufficient time is allowed to capture service user voice through partnership groups 	The chairs of the Wokingham, Reading and West Berks Health and Wellbeing Boards agreed in April 2019 to pursue having a Berkshire West shared joint health and wellbeing strategy. This will be one strategy that covers the Berks West footprint thus aligning with the Berks West ICS (i.e what was BW7/ BW10 footprint). Plans for the shared Joint HWB Strategy continue to be developed. A bid for programme support to develop the strategy has been made to the ICP delivery group which rated it mission critical. An update on the development of this strategy will be presented to a future Reading HWB
4b) While relationships between system leaders are strong, improvements in relationships between health and local authority partners could be improved. As the system moves towards greater integration at a Berkshire West level, system leaders should ensure that staff are engaged in the process and that health partners and working with colleagues in the local authority to progress plans.	 Public Health Consultants are working at a Berkshire West level to create the Framework needed to coordinate and bring groups together on a more formal basis. Action plan to decide how we really engage with each other and the wider stakeholders and public. Staff from all organisations are involved in the further development of the Integrated Care System work to ensure alignment and a joined up approach. 	Cathy Winfield	Green	31 st August 2019	 Risks Potential changes to elected members and senior leaders with a subsequent reduction in commitment to joint working Lack of capacity to deliver the ICP work programme Lack of resource to support the development of the joint strategy Mitigation Secure full organisational support for joint working and embed robust governance at locality and system level to reduce the impact of loss of specific individuals Review the resource 	 Reading Borough Council and the Health and Well Being Board have agreed to implement the ICP governance. This creates the framework needed to coordinate the joint working and engage staff. The first meeting of the ICP Unified Executive will take place on 12th September and the first meeting of the ICP Leadership group will take place on 30th September. All ICP partners have undertaken a strategic prioritisation process which will be signed off via the ICP governance and have agreed to develop a joint strategy for Berkshire West by July 2020, coordinated by public health, with clear identification of specific priorities for each local authority area (see 4a). RAG rating is now Green as the ICP has been implemented and joint strategy proposals are agreed.
(4b continued)						

Group 4 - Communication & Engagement
associated with the current BW10 so that this can be deployed on agreed priorities and makes more efficient use of current capacity by doing things once and sharing.

CQC Findings / Suggested Area for Improvement	Action Required	Action Owner	RAG Rating	Timescale for Completion	Identified Risks and Mitigating Actions	Progress and Recommendations
4c) There were opportunities to make better use of the VCSE sector services market. Health and care commissioners should work with VCSE sector	 Linked to 3B above Refresh mapping exercises previously 	Seona Douglas pending appointment	Amber	30 th September 2019	Risks•Capacity in commissioning teams across partner	commissioning led by the Public Health
providers to support in the development joined up service offers.	undertaken across the Clinical Commissioning Group and Reading Borough Council to align existing	of new Asst. Director Commissioning			organisations is proving challenging.	Consultant in West Berkshire and will report to the Joint Commissioning Board.
	Voluntary Sector and Social Enterprise Commissioning and ensure Voluntary sector groups included across board.				 Mitigation A realistic approach to be adopted to what can be achieved and maximise the resources available. 	
4d) Carers had varying experiences of accessing support in Reading. Statutory services were not always well linked to VCSE sector services that could provide support to carers. The Reading Carers Hub provided information and advice for	 Raise awareness of third sector support for carers amongst all organisations across the system Promote Carers Week (June) and 	Jon Dickinson	Green	30 th September 2019	Risks Lack of understanding legislation and local services 	Awareness has been raised over the last few months, with the following activities taking place: - Speed Dating events to link ASC and the
unpaid carers however carers felt that they were not always well supported to access services and many felt they had to reach crisis point before they were offered support.	Carers Rights Day (November) activities to create network opportunities				 Mitigation Utilise local HUB's GP surgery's and on-line solutions to inform as widely as possible 	 3rd Sector. Spotlight on the voluntary sector – regular item in GP e-newsletter. Refresh of Caring in Reading information pack.
